

# **SCOTTISH PARA-FOOTBALL**

**Child Wellbeing and Protection Policy**

**This policy is written to underpin both Scottish Para-Football as well Para-Football Game Leader Organisations who are members of Scottish Para-Football. Therefore this policy will be adopted by each individual Para-Football Game Leader Organisation. If your concern relates to Scottish Para-Football please contact the National Office. However if your concern relates to a Para-Football Game Leader Organisation please contact their Committee directly.**

### **Everyone's Responsibility**

We all have a role and responsibility to promote, support and safeguard children's wellbeing within Scottish Para-Football. Ensuring a child's wellbeing at all times, includes celebrating when things have gone well, understanding a child's circumstances and forming positive relationship. Football can contribute in many different ways to a child's positive wellbeing considering the health benefits of being active, the achievements they make in gaining new skills as well as their experiences in being included and respected as part of a team.

To ensure we can respond to situations when a child needs help or support, we must firstly understand their rights and the meaning of wellbeing. Secondly, we must recognise a number of risks that exists for children in football and therefore put in place a range of safeguards that minimise these risks. These are managed and promoted by people within particular roles who received specific training for their level of responsibility. It is necessary for this understanding and the appropriate processes to be in place if ever a child's wellbeing or need for protection is identified as a concern. Scottish Para-Football can then respond and support any child who needs help, informing the relevant agencies and organisations when appropriate.

These policies, procedures and safeguards, as well as training will give us the confidence and support needed to fulfil our role and responsibility to keep children within Scottish Para-Football safe.

**Ann Brown**

## **INTRODUCTION**

### **Overarching Aim for Child Wellbeing and Protection in Scottish Football**

#### **Our Vision**

Children flourish because we put their safety, wellbeing, rights and enjoyment at the heart of every level of Scottish football.

#### **Our Mission**

Children are the priority. We lead with confidence taking responsibility to create a culture of safety and wellbeing. We empower children through active promotion of their rights.

## **DEFINITIONS**

### **Definition of the Child Wellbeing and Protection Policy**

Scottish Para-Football’s Child Wellbeing and Protection Policy includes:

- Introduction – Overarching Aim, Definitions, Children’s Wellbeing in Scotland, Risks to Children’s Wellbeing in Scottish Football, Everyone’s Responsibility and Review
- Policy Statement
- Set the Standards – Behaviours, Expectations and Requirements
- Procedures – Appointment and Selection, Responding to Concerns and Case Review
- All associated Practice Notes

Herein all the documents listed above will be referred to as the Child Wellbeing and Protection Policy’ or ‘this policy’.

### **Definition of Child**

Article 1 of the United Nations Convention on the Rights of the Child states that everyone under 18 has the rights set out in the Convention. Within the Children and Young People (Scotland) Act 2014, a child is defined as anyone who has not reached the age of 18.<sup>1</sup>

For the purpose of this policy “children”, “child”, “young person” and “young people” refer to any persons under the age of 18.

Scottish Para-Football’s Child Wellbeing and Protection Policy applies to all children and young people regardless of age, gender, sexual orientation, disability, race, religion, nationality, socio-economic status or family circumstance.

### **Definition of Child Abuse**

Child abuse is the act or omission that harms a child or young person.

An individual may abuse a child or young person directly, or may indirectly be responsible for abuse because they fail to prevent another person from harming that child or young person, or their inaction leads to harm or risk of harm. Abuse can be physical, emotional, sexual or by neglect. Abuse

---

<sup>1</sup> Children and Young People (Scotland) Act 2014 section 97(1)

can take place in person or online. Although typically thought of as when an adult is mistreating a child or young person, children and young people can also be perpetrators of abuse against other children or young people

**Definition of Adult**

For the purpose of this policy an “adult” is any individual aged 18 and over or any individual under the age of 18 years old but who is in a ‘position of trust’. For further information on positions of trust

**Definition of Safeguarding**

Safeguarding is taking action to ensure that all children and young people are safe from harm when involved in football. It means proactively doing everything possible to minimise risk and prevent abuse of children and young people.

**Definition of Associated Persons**

Associated Persons includes Board Members, Directors, Congress Members, Youth Congress Members, Committee Members, Volunteers, Co-optees, Agency Workers, Casual Staff, Consultants, and Contractors of Scottish Para-Football.

**Definition of Child Protection**

Child protection refers to the actions in response to a specific concern for a child or young person who is at risk or suffering from abuse. Child protection is an essential part of safeguarding if there is a concern that a child or young person is being abused or their safety is compromised.

## CHILDREN'S WELLBEING IN SCOTLAND

### Getting It Right for Every Child

The Scottish Government's Getting It Right for Every Child (GIRFEC) is based on children's rights, and its principles reflect the United Nations Convention on the Rights of the Child (UNCRC). The GIRFEC approach is child focused, based on an understanding of the wellbeing of a child or young person in their current situation, and based on tackling needs early in a collective way. As part of the Children and Young People (Scotland) Act 2014, the concept of wellbeing and the GIRFEC approach is now enshrined in law in Scotland.

The GIRFEC approach supports children and young people so that they can grow up feeling loved, safe and respected, and can realise their full potential. Children and young people should be: Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible, Included. These are the eight wellbeing factors and are commonly known as SHANARRI Indicators.

A child or young person's wellbeing is influenced, both positively and negatively, by everything around them and the different experiences and needs they have at different times in their lives. There is no set level of wellbeing that a child or young person should achieve, but each child should be helped to reach their full potential as an individual. The wellbeing indicators make it easier for everyone to be consistent in how they consider the quality of a child or young person's life at a particular point in time.

By having a universal language and understanding for everyone who works with children and young people, collectively we can contribute to promoting, supporting and safeguarding a child's wellbeing whether they are in an educational, health, community or sporting setting. It is essential that in Scottish Para-Football the wellbeing indicators are understood and if worried that something is impacting a child or young person's wellbeing, Scottish Para-Football members of staff and Associated Persons know how to respond and with whom to share that information.

### **Wellbeing Concern**

A wellbeing concern is if a child's wellbeing (measured using the 8 SHANARRI indicators) is, or is at risk of being, adversely affected.

A range of experiences can have a negative impact on children and young people. These can range from harmful or abusive behaviour to a family bereavement or social economic factors, such as poverty. The nature of a wellbeing concern will influence how to support the child or young person.

Behaviour which is abusive or neglectful and is, or is likely to cause harm, will often be referred to as a 'child protection concern'. Regardless of whether a concern is a wellbeing or child protection concern, it must be responded to in line with the Responding to Concerns Procedure.

### **RISKS TO CHILDREN'S WELLBEING IN SCOTTISH FOOTBALL**

The protection and wellbeing of all children and young people involved in Scottish Para-Football must be a priority for everyone working, volunteering or participating in the game, including spectators. For children and young people involved in football there may be risks associated with their involvement whether it be injury, the despair of their team losing, or exposure to poor practice or abusive behaviour. It is essential that those working or volunteering with children and young people are alert to the associated risks and take steps to prevent, minimise or respond to the risks.

In addition to recognising risks to all children and young people, it is important to understand that some children and young people may be more vulnerable to particular risks associated with taking part in football.

#### **Increased vulnerability**

Scottish Para-Football is committed to ensuring the safety of all children and young people in football across all levels of the game. Children and young people who have additional care needs or who come from a minority ethnic group may face a range of additional challenges. Members of staff and Associated Persons will be encouraged and supported to challenge, and address any behaviour or attitudes which compromise a child or young person's wellbeing, or acts as a deterrent to the participation of some children and young people

#### **Children and young people who are deaf and disabled**

In line with Article 23 of the United Nations Convention on the Rights of the Child (UNCRC), a child with a disability "should enjoy a full and decent life, in conditions which ensure dignity, promote self-reliance and facilitate the child's active participation in the community".

Children and young people who have a disability have the same needs as other children and young people, but may also have additional needs associated with their disability. For example, additional steps may be needed to promote their wellbeing or they may be at an increased risk of abuse due to their vulnerability. Research has shown that children with a mental or physical disability are more likely to be abused than non-disabled children.<sup>2</sup>

---

<sup>2</sup> Source: Jones, L et al *Prevalence and risk of violence against children with disabilities: a systematic review and meta-analysis of observational studies (NSPCC) (2012)*

Children and young people who are deaf, disabled or have a learning disability can be additionally vulnerable because they may:

- Depend on a number of people for care and handling, some of which can be intimate care
- Depend on the abuser for their involvement in sport
- Fear disclosing abuse
- The signs of abuse can be misinterpreted as a symptom of the disability
- Have a reduced capacity to resist either verbally or physically
- Have significant communication differences — this may include very limited verbal communication, the use of sign language or other forms of non-verbal communication
- Lack access to peers to discover what acceptable behaviour is or to understand the inappropriateness of actions
- Not be believed due to negative attitudes towards children and young people with disabilities or possible failure to recognise the impact of abuse on children and young people with disabilities

### **Children and young people from black and ethnic communities**

The UNCRC sets out the general principle of non-discrimination and that children should be protected from all forms of discrimination. It also states that children have the right to learn and use the language, customs and religion of their family, whether or not these are shared by the majority of people in the country where they live<sup>3</sup>. Unfortunately within wider society and football, discriminatory behaviour still exists therefore children and young people from black and ethnic communities are additionally vulnerable because they may:

- Experience racism and racist attitudes
- Experience people in authority ignoring or not responding to racist abuse or comments
- Experience no action being taken by others for fear of upsetting cultural norms
- Be afraid of further abuse if they challenge others
- Want to fit in and not make a fuss
- Be using or learning English as a second language

### **Children in elite football**

For many children and young people it is their dream to play football professionally. When they have the talent, skill and dedication to realise this dream they will pursue it. Unfortunately this can lead to a number of increased risks for children and young people involved in football at an elite level. For example, rivalry among their peers, inappropriate or detrimental relationships with their peers,

---

<sup>3</sup> Article 30 of the United Nations Convention on the Rights of the Child

pressure from their family, friends and the wider public, or, in some cases, exploitation by a trusted adult who can, or who they perceive can, help them ‘achieve’ this dream.

Research by Celia H. Brackenridge in 2010<sup>4</sup> highlighted the following about the risk to children and young people at an elite level:

- The greatest risk of emotional and sexual abuse occurs among the highest ranked athletes
- Poor practice, emotional abuse and bullying are probably more prevalent in sport than sexual abuse
- Athletes perpetrate more sexual harassment on their peers than coaches
- Athlete-athlete bullying is widespread
- Coach perpetrators are often very highly qualified and very highly respected which acts as a mask for their poor practice and abuse

### **EVERYONE’S RESPONSIBILITY**

The responsibility to safeguard, promote, support and protect a child or young person’s wellbeing does not rest on one person. We are all responsible.

Football can contribute in many different ways to a child or young person’s positive wellbeing including health benefits of being active, the achievements they can make in gaining new skills and their experiences of being included and respected as part of a team. Supporting and promoting a child or young person’s wellbeing at all times includes forming positive relationships, understanding their circumstances and responding appropriately to any concerns about their wellbeing. To ensure we can respond when a child or young person needs help or support, we must firstly understand their rights and the meaning of wellbeing. Secondly, we must recognise and acknowledge the risks that exist for children and young people in football and put in place a range of safeguards that minimise these risks. Leadership is essential to ensure that these safeguards are managed and promoted, and this will be done by staff and associated persons within particular roles at Scottish Para-Football who receive specific training for their level of responsibility. However, everyone must understand the risks associated for children and young people, and the appropriate processes which are in place should a child or young person’s wellbeing be at risk or they are in need for protection.

Everyone has the responsibility to recognise the concern, to ensure the child or young person is safe if they are at risk of immediate harm, and to report the concern to the Scottish Para-Football or relevant Game Leaders. Thereafter the Child Wellbeing and Protection Officer will respond appropriately in line with the Responding to Concerns Procedure.

Scottish Para-Football Child Wellbeing and Protection Policy combined with relevant training, mentoring and support will give us the confidence and support needed to fulfil our role and responsibility to keep children and young people safe in football. In addition to this, advice can be sought at any point from Scottish Para-Football

---

<sup>4</sup> Brackenridge, C.H (2010) ‘Myths and evidence – learning from our journey’, keynote address to the conference ‘How Safe is Your Sport’ held at the Excel Sports Centre, Coventry on 25 Feb, hosted by the Coventry Sports Foundation and the NSPCC Child Protection in Sport Unit.

**No matter your role or involvement in Scottish football, you have a responsibility to safeguard, promote, support and protect the wellbeing of all children and young people involved in Scottish football.**

**If you have any concerns about the wellbeing of a child or young person or about the conduct of any adult then you must report the matter to Scottish Para-Football Secretary at [Secretary@scottishparafootball.co.uk](mailto:Secretary@scottishparafootball.co.uk) or the relevant Game Leader Safeguarding Officer.**

**Full information on how to record and report a concern can be found in the [Responding to Concerns Procedure](#).**

## **REVIEW**

Scottish Para-Football's Child Wellbeing and Protection Policy will be regularly reviewed and will include children and young people's participation and feedback on the content and actual experience of implementation as part of the review.

This policy will be reviewed:

- In accordance with changes in legislation and guidance on children's wellbeing, protection or rights
- Following the review of an issue or concern raised about the wellbeing or protection of children within the Scottish FA, when the case review suggests that this policy should be reviewed
- In all other circumstances, at least every three years

## **POLICY STATEMENT**

Scottish Para-Football is committed to ensuring that every child who takes part in football, in any capacity, is able to participate in an enjoyable and safe environment, which promotes inclusion and protects them from harm, poor practice, exploitation, bullying or abuse. Scottish Para-Football values a rights-based approach within our sport, and our child wellbeing and protection policy is based on the fundamental rights of children as set out in the United Nations Convention on the Rights of the Child (UNCRC).

Scottish Para-Football Child Wellbeing and Protection Policy is based on the following principles:

1. We will act in the best interests of children and young people
2. The protection and wellbeing of all children in our care is everyone's responsibility
3. A child or young person's rights, wishes and feelings should be respected and promoted. For example:
  - A child or young person, whatever their age, culture, disability, gender, language, racial origin, socio-economic status, religious belief and/or sexual identity has the right to protection from all forms of harm, abuse and exploitation
  - We see the child or young person before the player, coach, volunteer, spectator or referee
  - Children and young people have the right to express views on matters that affect them, should they wish to do so, and to have those views taken into account
  - Children and young people have the right to relax, play, and join in a wide range of sporting activities
4. The best way to promote the wellbeing, health and development of a child or young person is to work in partnership with each other, the child or young person, their parents/carers and other relevant organisations

All staff and associated persons, when working or volunteering with children and young people involved in Scottish Para-Football activities, will be:

### **INCLUSIVE**

Football is for everyone, irrespective of background. We celebrate what makes us unique and embrace our differences. We create a culture where rights are respected and everyone is treated fairly, with dignity and respect

### **APPROACHABLE**

We are visible, accessible, open and caring. We build respectful and supportive relationships, listening to children's voices, and championing their views in everything we do

### **EMPOWERING**

We are forward facing and strive to be the best for children and young people. We are brave, challenging ourselves and others to continually strive for the best outcomes for children and young people. We encourage and support children and young people to express their views.

**ACCOUNTABLE**

We accept responsibility and take ownership of the wellbeing and protection of children in our game. Our collective leadership calls upon integrity, consistency and confidence in our everyday behaviours.

## **SET THE STANDARDS**

### **BEHAVIOURS, EXPECTATIONS AND REQUIREMENTS**

Every member of staff and associated persons at Scottish Para-Football will be asked to sign up to the following standards, outlining the behaviours, expectations and requirements of Scottish Para-Football staff and associated persons working or volunteering with children and young people.

Creating an environment where children and young people are respected, their rights are promoted, and they are supported to have fun, learn, and develop in a safe environment is essential to inspire them to love the game.

To achieve this goal Scottish Para-Football expects its members of staff and Associated Persons to embody the Wellbeing and Protection Values — Inclusive, Empowering, Approachable and Accountable — to create a positive football environment, and by displaying exemplary behaviour and implementing practices that make football a safe, fun, and positive experience for all children and young people involved.

#### **ON AND OFF THE PITCH, I WILL:**

##### **WHEN WORKING WITH CHILDREN AND YOUNG PEOPLE, I WILL:**

- Make football a fun and enjoyable experience where everyone is involved
- Always show respect to everyone involved in the game
- Encourage children and young people to be respectful to everyone involved in the game
- Appreciate the importance of everyone involved in the game
- Be proud of being part of the same ‘team’ and encourage others to be proud of their achievements
- Be a positive role model by:
  - Leading with enthusiasm and encouragement
  - Never engaging in, or tolerating, offensive, insulting or abusive behaviour whether in person or online
  - Being gracious in victory and defeat
  - Challenging and reporting behaviour that does not meet the standards expected

##### **WHEN WORKING WITH CHILDREN AND YOUNG PEOPLE, I WILL:**

- Treat all children and young people equally with respect, dignity, honesty, sensitivity and fairness
- Promote the best interests of the young person and put their wellbeing before winning or achieving performance goals
- Promote and protect the rights of all children and ensure that children and young people are aware of their rights
- Never have favourites but praise children and young people that demonstrate commitment, positive attitude and good behaviour
- Consult with children and young people allowing them the chance to be heard by having an ‘open door’ approach

## Scottish Para-Football – Child Wellbeing and Protection Policy

- Always listen to and act upon any concerns raised by a child or young person
- Allow young people the right of being involved in decisions affecting them

## **PROCEDURES**

### **APPOINTMENT AND SELECTION PROCEDURE**

Scottish Para-Football will take all reasonable steps to ensure that its staff and volunteers working with children and/or young people in football have been recruited appropriately and that the individuals work in a way that reflect the Wellbeing and Protection Values – Inclusive, Approachable, Empowering and Accountable.

As part of this process, we aim to select the best possible candidate for the role. For those working in a role which is regulated work with children and young people, Scottish Para-Football will fulfil its legal duty under the Protection of Vulnerable Groups (Scotland) Act 2007 to ensure that individuals who are barred from regulated work with children are not engaged (either paid or unpaid) in regulated work with children and young people within Scottish Para-Football.

The following procedure will be completed for all staff and volunteers who will be working in a role which requires them to be in contact with children and young people.

#### **Pre-application Information**

Individuals who are applying for a position with Scottish Para-Football will be provided with pre-application information for the positions available to applicants and will include:

- A role description outlining the roles and responsibilities of the position
- A person specification, stating qualifications or experience of working with children required
- An application form

#### **Application Form**

Applicants will be requested to complete an application form. The purpose of the application form is to obtain relevant details for the position and referee contact details.

#### **Review Applications and Interview**

Scottish Para-Football will review application forms and consider applicants for interview. Successful applicants will be invited to interview. Interviews will then be carried out.

#### **Offer of Position**

Once a decision has been made to offer appointment, the applicant will be notified either in writing or verbally. The applicant will be given details of the position, any special requirements and any obligations e.g. agreement to the Child Wellbeing and Protection Policy, the probationary period and responsibilities of the role.

The applicant will be sent a Basic Disclosure form to complete and return, unless the role involves regulated work with Scottish Para-Football in which case they will require to be a member of the PVG Scheme.

#### ***Regulated work with Children***

If the role involves regulated work with children and/or young people a PVG Scheme Membership form and self-declaration form will be sent out for the successful applicant to complete and return for processing. It is recommended that the offer is formally accepted and agreed to in writing e.g. by the individual signing and dating their agreement on the offer letter and returning it to Scottish Para-Football.

The applicant's appointment will only be confirmed when:

- Two references have been received, checked and accepted;
- Self-declaration form has been returned and approved; and
- PVG Scheme Record/Scheme Record Update has been received and accepted.

### **References**

References will be sought for all staff and volunteers who by virtue of their role will be working with children and/or young people within Scottish Para-Football.

Two references will always be requested and thoroughly checked. Where possible at least one of these references will be from an employer or a voluntary organisation where the position required working with children and/or young people. References from relatives will not be accepted. If the applicant has no experience of working with children or young people, specific training requirements may be agreed before their appointment commences.

### **Membership of the PVG Scheme**

Scottish Para-Football must be registered with Disclosure Scotland or Volunteer Scotland Disclosure Services. All staff and/or volunteers carrying out regulated work with children and young people within Scottish Para-Football must be a member of the PVG Scheme for regulated work with children.

### ***Suitability for position***

Should Scottish Para-Football receive any information via the self-declaration form and/or PVG scheme record that needs risk assessed, this will be carried out by Scottish Para-Football Safeguarding Panel.

The Safeguarding Panel will consist of at least three members, including the Child Wellbeing and Protection Officer, Wellbeing & Protection Coordinator (Scottish FA) and Community Project Coordinator (Scottish FA). This risk assessment considers any criminal convictions or other information that would be considered relevant to the role. The decision is either unanimous or by majority. The outcome of the decision with the Safeguarding Panel then contributes to the final decision of the applicant's appointment as mentioned at point 4 above.

### ***Overseas Applicants***

Applicants from overseas being appointed to regulated work with children and/or young people within Scottish Para-Football are required to join the PVG Scheme. If the applicant is applying for a position of employment they must prove their 'right to work' in the UK and be asked to provide a police check from their relevant country where possible. For further information see <https://www.gov.uk/government/publications/criminal-records-checks-for-overseas-applicants>

Where this is not possible, or in addition to the police check, the following information, where relevant to the position, will be requested:

- A statement from the governing body in the country of origin of the applicant and/or the country from which they are transferring in regard to their participation and suitability for the position.

- A statement from the international federation of the sport in regard to their participation and suitability for the position.

### **Introduction and Training**

Staff and volunteers will receive an induction. This process should include clarification of the expectations, roles and responsibilities of the position and identify any training needs.

Newly appointed staff and volunteers should complete recommended training over an agreed period. This training will include an introduction to Child Wellbeing and Protection Policy. Further training, where the role works directly with children and young people, is then provided.

### **Probation**

Newly appointed members of staff will complete an agreed period of probation.

### **Review of ongoing suitability**

All members of staff and volunteers will have a performance review on a regular basis. Performance reviews should include an evaluation of progress and identification of training needs.

All individuals in regulated work for Scottish Para-Football will require to complete a self-declaration form on an annual basis and apply for a Scheme Record Update every three years. This ensures we are continually risk assessing members of staff and volunteers to keep children safe.

### **New vetting information**

If new vetting information becomes available through a self-declaration form or PVG scheme record updates, this will be considered through a risk assessment by Scottish Para-Football's Safeguarding Panel. Should any risk be identified, it will then be necessary to follow Responding to Concerns Procedure.

### **Consideration for Children's List or Barred Individuals**

If Disclosure Scotland notify Scottish Para-Football that a member of staff or volunteer is being considered for listing, that individual will be suspended as a precaution, or not contracted in regulated work with Scottish Para-Football, until the outcome of the case is determined. Suspension is not a form of disciplinary action and does not involve pre-judgment. In all cases of suspension, the best interests of the child will be the primary consideration.

If Disclosure Scotland inform Scottish Para-Football that an individual is barred, that member of staff or volunteer will be removed from regulated work with children and/or young people immediately in line with the Protection of Vulnerable Groups (Scotland) Act 2007 section 5 duties for organisations.

## RESPONDING TO CONCERNS PROCEDURE

**In all cases where there are concerns about a child or young person and/or the conduct of an adult which affects, or may affect, a child or young person, the best interests and wellbeing of the child or young person will be the paramount consideration.**

The purpose of this Procedure is to safeguard and protect children and young people involved in Scottish Para-Football and to respond appropriately to any concerns ensuring they are dealt with in a timely, appropriate and proportionate manner. Following a set of published procedures when dealing with concerns helps:

- Avoid those receiving information from engaging in subjective judgements
- Reassure those who report concerns that an appropriate course of action will ensue
- Support those charged with managing concerns by providing them with a step-by-step process to follow
- Safeguard the rights of those against whom complaints or allegations have been made

No member of staff or Associated Person in receipt of information that causes concern about a child or young person or the conduct of an adult shall keep that information to themselves, or attempt to deal with the matter on their own. Instead in all cases this procedure must be followed regardless of whether the concerns arise through the adult or child or young person's involvement in football or from outside of football.

### REMEMBER:

If you are concerned about the immediate safety of the child or young person:

1. Take whatever action is required to ensure the child's immediate safety.
2. Pass the information immediately to the police and seek their advice.
3. Report the concern to Scottish Para-Football or relevant Game Leader, advising that the matter has been reported to the police.

At any time if you have a concern about the wellbeing of a child or young person, or think you may have a concern, you can contact the Scottish Para-Football Secretary for advice and support [Secretary@scottishparafootball.co.uk](mailto:Secretary@scottishparafootball.co.uk)

## **EVERYONE’S RESPONSIBILITY**

A concern may range from mild verbal bullying to physical or sexual abuse and occur either through football or outside of it, for example in the child’s home. All concerns will be investigated by Scottish Para-Football or relevant Game Leader. If a member of staff or Associated Person has a concern it is not their responsibility to investigate but it is their responsibility to:

- Reassure the person making the report that they have done the right thing in raising the concern
- Listen openly without judgement
- Record anything that is said
- Report the concern to the Scottish Para-Football or relevant Game Leader
- If there is a concern about the immediate safety of the child or young person, take the necessary steps to ensure their safety and contact the police

Everyone has a responsibility to recognise a concern, to record the concern either on the Concern Recording Form or in email format, and report the concern to Scottish Para-Football or relevant Game Leader

## **RECOGNISE**

Members of staff and Associated Persons may become aware of a concern in different ways. For example:

- Directly from the child or young person
- Observation of the concern, such as a change in the behaviour, appearance, or nature of the child or young person, or the conduct of an adult
- Information that is shared from another individual or organisation e.g. an incident observed by another child or young person, or adult and reported to them

All concerns must be reported to Scottish Para-Football or relevant Game Leaders on the day the concern arises, or as soon as practically possible thereafter.

### ***What to do if a child or young person discloses abuse***

#### **DO:**

- Stay calm – ensure that the child or young person is safe and feels safe
- Listen to the child or young person and take what they say seriously. Do not show disbelief. Show and tell them that you are taking what they say seriously
- Reassure the child or young person that they are not to blame and were right to tell someone
- Be aware of interpreting what a child or young person says, especially if they have learning or physical disabilities which affects their ability to communicate or English is not their first language
- Avoid projecting your own reactions onto the child or young person
- Avoid asking any questions. If necessary only ask enough questions to gain basic information to establish the possibility that abuse may have occurred. Only use open-ended, non-leading questions e.g. What? When? Where? Who?

- Do not assume that the experience was bad or painful - it may have been neutral or even pleasurable e.g. the child or young person may think that they are in a consenting relationship with the adult
- Do not introduce personal information from either your own experiences or those of other children

**DON'T:**

- Panic
- Show shock or distaste
- Probe for more information than is offered
- Speculate or make assumptions
- Rush into actions that may be inappropriate
- Make negative comments about the person against whom the allegation has been made
- Approach the individual against whom the allegation has been made
- Make promises or agree to keep secrets and give a guarantee of confidentiality

**RECORD**

Record keeping is of critical importance and all information should be recorded in line with the following:

**DO:**

- Make a written record of the information as soon as possible
- Make the record factual, accurate and legible
- If the concern arises from a disclosure from a child or young person, record using the child or young person's exact words, where possible
- Include dates, times, locations and contexts, if available, together with any other relevant information

**DON'T:**

- Give your personal opinion, unless it is backed up by substantial evidence
- Use judgemental language
- Write the record in a way that protects the reputation of the Association or the individual who the concern relates to — remain unbiased

Where the child or young person has made a direct disclosure, and when appropriate, it is important that the child or young person understands why we are recording their details. If a child/young person recognises that people can help and support, and that this is the purpose of their details being shared, they will be more included and informed of the processes

**REPORT**

The Scottish Para-Football or relevant Game Leader can be contacted:

- By email at [Secretary@scottishparafootball.co.uk](mailto:Secretary@scottishparafootball.co.uk) or Relevant Game Leader

### **How to report the concern:**

- Report the concern as soon as possible. It is recommended that initial contact is made with the Scottish Para-Football or relevant Game Leader by telephone
- Email the completed Concern Recording Form to [Secretary@scottishparafootball.co.uk](mailto:Secretary@scottishparafootball.co.uk) or relevant Game Leader, if you are able to do this via secure email

### **Do not delay in reporting the concern:**

- By attempting to obtain information to complete all sections of the Concern Recording Form
- By waiting until you return to the office to complete the Concern Recording Form, if you are working remotely
- If you have been unable to contact a member of Scottish Para-Football or relevant Game Leader

If you are unable to access a Concern Recording Form, please contact the Scottish Para-Football or relevant Game Leader by telephone or email the information, if you are able to do so securely, in order to report the concern.

**If you are unsure whether the information you have should be a cause for concern, advice and support can be sought from a member of the Scottish Para-Football or relevant Game Leader. This can be done in a confidential manner anonymising the details of the parties involved.**

If Scottish Para-Football or relevant Game Leader is not available and an immediate response is required, the police and social work services must be contacted. They have a statutory responsibility for the protection of children and they may already hold other information about the child or young person. If the information is shared with the police or other agencies, record what information is shared and any advice given and actions taken. At the earliest opportunity thereafter Scottish Para-Football's National Secretary should be informed.

### **Confidentiality**

To maintain confidentiality do not keep any electronic, printed or written versions of the information you have provided. The Concern Recording Form should be deleted or destroyed (by means of shredding) as soon as the information has been passed on. Scottish Para-Football or relevant Game Leader will maintain a copy of the information in a secure and confidential manner.

### **Support**

Scottish Para-Football recognises that voicing concerns, suspicions or allegations of poor practice, misconduct or abuse can cause great concern and stress — particularly if it relates to a colleague, volunteer or child/parent who is known to you. However, sharing information about the wellbeing of a child or young person is paramount in order to prevent the child or young person from suffering harm or further harm. Any member of staff or Associated Person whom, in good faith, discloses information related to a concern will receive full support from Scottish Para-Football or relevant Game Leader. Members of staff and Associated Persons can reference the Scottish Para-Football Whistleblowing Policy.

### **Concern about the conduct of a member of Scottish Para-Football staff**

Where the concern raised relates to a member of staff it should be reported to the Scottish Para-Football or relevant Game Leader as set out above in the first instance. If the initial assessment

indicates there is evidence of a concern, the Scottish Para-Football or relevant Game Leader, will share the information with the HR Department who will decide if the Scottish Para-Football Disciplinary Procedures are invoked.

If the concern relates to a member of Scottish Para-Football or relevant Game Leader then it must be reported to the Secretary of Scottish Para-Football.

Where the concern is about the Secretary of Scottish Para-Football it must be reported to the Scottish Para-Football Chair directly. In this situation, the Chair will take on the role and responsibilities as listed below.

## **RESPOND**

The following sets out the steps which will be taken by the Scottish Para-Football or relevant Game Leader after the concern has been reported

### **THE PROCESS ON RECEIPT OF A CONCERN**

Once the concern has been reported the relevant member of the Scottish Para-Football or relevant Game Leader will:

- Establish the basic facts and conduct an initial assessment of the facts in order to determine the appropriate course of action. The appropriate course of action may differ depending on whether the concern is about the wellbeing of a child/young person or about the conduct of an adult
- Decide who should be informed of the concern, this may include the child or young person, their parent/carer, other members of Scottish Para-Football staff or external agencies
- Consult external agencies, such as the police and social work services, for advice at any time, if required. This is important because they may hold other important information which, when considered alongside the current concern, builds a significant picture of concern

All subsequent actions taken by the relevant member of the Wellbeing and Protection department shall be recorded, in the order in which they happen, and the records should be dated.

### **CONDUCTING THE INITIAL ASSESSMENT**

The purpose of the initial assessment is to clarify the nature and context of the concern. Every situation is unique so guidance cannot be prescriptive.

Where the concern relates to the conduct of an adult, pending the outcome of any investigation, precautionary suspension will be considered in all cases where there is significant concern about the conduct of a member of staff and Associated Person towards a child and/or young person.

In all cases, the initial assessment may involve:

- Speaking to the member of staff or Associated Person who raised the concern
- Speaking to other members of staff or Associated Persons who may have information related to the concern
- Speaking to the member of staff or Associated Person whose conduct has been reported — this will be subject to the nature and seriousness of the situation and should not be done if the concern suggests that the conduct may be criminal behaviour

- If the concern involves a named child or young person it may be appropriate to speak to the child or young person.
- Speaking to other children and/or young people and/or other individuals to establish the basic facts

### **Best practice advice**

Questioning of children by those conducting an initial assessment should always be avoided as far as possible. If it is necessary to speak to the child in order to clarify the basic facts, best practice suggests that consent from the parent/carer be obtained unless obtaining that consent may place the child at risk.

### **Views of the Child**

Children and young people have the right to say what they think in all matters affecting them and to have their views taken seriously (Article 12, UNCRC). This must be at the forefront of any concerns that are raised. The nature of the concern will impact on the decision as to whether it is appropriate to discuss the concern directly with the child or young person. The views of the child or young person must be considered based on the age and maturity.

An initial assessment of basic facts may require the need to ask a child or young person some basic, open-ended, non-leading questions solely for with a view to clarifying the basic facts. It may also be necessary to ask similar basic questions of other children and young people, or other appropriate individuals who may have information.

It will not always be appropriate to speak directly with the child or young person about the concern. Advice should be sought from Scottish Para-Football or the relevant Game Leader if there is any uncertainty about the appropriate course of action.

If the information indicates that a criminal offence has been committed against the child or young person it would not be appropriate to ask the child or young person questions about the incident or speak to them directly about the incident(s), unless it is a disclosure directly from the child. Interviewing children and young people about possible abuse or criminal offences is the sole remit of specially trained police officers and social workers.

**Where the concern about a child's wellbeing suggests they are in need of protection, the information must be passed on with or without their consent for the purposes of their protection. Allegations of abuse must always be taken seriously. No member of Scottish Para-Football shall investigate allegations of abuse or decide whether or not a child has been abused. False allegations are very rare. If a child says or indicates they are being abused or information is obtained which gives concern that a child is being abused, the information must be responded to on the same day in line with this procedure**

### **Fairness and natural justice**

In the event of an investigation into the conduct of a member of staff or Associated Person all actions will be informed by the principles of natural justice:

- The member of staff or Associated Person will be made aware of the nature of concern
- The member of staff or Associated Person will be given an opportunity to put forward their case

- Scottish Para-Football or relevant Game Leader will act in good faith, ensuring the matter is dealt with impartially and as quickly as possible in the circumstances.

### **CONCLUDING THE INITIAL ASSESSMENT**

Decisions reached on conclusion of the Initial Assessment may differ depending on whether the concern relates to the wellbeing of a child or young person or to the conduct of an adult. The concern may relate to both the wellbeing of a child and the conduct of an adult in which case two sets of conclusions should be reached.

### **A CONCERN ABOUT THE WELLBEING OF A CHILD/YOUNG PERSON**

At the end of the initial assessment one of the following conclusions should be reached:

- The facts do not substantiate the concern and therefore no further action will be taken
- The concern has been successfully addressed by the child or young person, their parent/carer and/or Scottish Para-Football or relevant Game Leader staff and therefore no further action is needed
- The concern has not been successfully addressed and further support is needed for the child or young person
- Information should be shared with statutory services, for example Police Scotland or the Social Work Department due to the gravity of the concern
- Information should be shared with the child's Named Person, if applicable, for consideration

In all cases consideration should be given as to what support, if any, is required for the child or young person and whether there is a need to share information with a member club or organisation in terms of a Data Sharing Agreement.

### **Sharing Concerns with Parents/Carers**

Scottish Para-Football is committed to working in partnership with parents/carers whenever there are concerns about a child or young person. Parents/carers have the primary responsibility for the safety and wellbeing of their children. Where concerns are raised about a child or young person this will be considered in line with the wellbeing indicators and may be discussed with parents/carers. For example, if a child seems withdrawn, he/she may have experienced an upset in the family, such as a parental separation, divorce or bereavement. Common sense is advised in these situations and the best interests of the child will be considered as to what is the best support for them. Children and young people will be asked who should be informed and, if appropriate, consent gained from the child or young person before their parents/carers are notified.

**Where there are concerns that the parents/carers may be responsible for or have knowledge of the abuse, sharing concerns with the parents/carers may place the child or young person at further risk. In such cases advice must always firstly be sought from the police/social work services or Named Person as to who informs the parents/carers**

### ***Sharing Information with Police and statutory agencies***

Where the concern about a child or young person's wellbeing suggests that they are in need of protection or that a criminal offence has been committed against them, the concern must be

reported to the police and/or social work services. The police and local authority have a statutory duty of care for all children.

***A concern about the conduct of an adult***

At the end of the initial assessment one of the following conclusions should be reached:

- The facts do not substantiate the concern and therefore no further action will be taken
- Information supports concern about poor practice
- Information supports concern about serious poor practice and/or misconduct
- Information supports concern about possible criminal behaviour

**Initial Assessment supports concern about inappropriate behaviour**

If the initial assessment supports a concern that the conduct of an adult amounts to inappropriate behaviour, Scottish Para-Football or relevant Game Leader will share the findings of the initial assessment with the adult's line manager.

Scottish Para-Football or relevant Game Leader will carry out any further investigation as necessary and take appropriate action depending on the nature and seriousness of the conduct.

**Initial Assessment supports concern about serious poor practice and/or misconduct**

If the concern relates to the conduct of a Scottish Para-Football or relevant Game Leader member of staff Scottish Para-Football will deal with the concern in line with Scottish Para-Football Disciplinary Procedures.

**Initial Assessment supports concern about possible criminal behaviour**

Where the initial assessment gives reasonable cause to suspect an adult's behaviour has been a criminal offence, the member of Scottish Para-Football or relevant Game Leader dealing with the concern will:

- report the concern to the police as soon as possible on the day the information is received, along with supporting information
- make a written record of the name of the police officer to whom the concerns were passed to together with the crime reference number, time and date of the call, in case any follow up is required
- on request, provide the police with a copy of the Concern Recording Form
- following the advice of the police, inform the parents/carers of the child involved as soon as possible unless the police advice is not to do this
- if appropriate, share the information with the child's Named Person if there is any impact on a child's wellbeing caused by an adult's possible criminal behaviour, unless the police advise not to do this

Advice will first be obtained from the police about informing the member of staff or Associated Person involved in the concerns. If the advice is to inform them, they will be told that information has been received which may suggest an allegation of a criminal offence. As the matter will be sub

judice (i.e. under judicial consideration) no details will be given unless advised to do so by the police. All actions will ensure the best evidence is preserved for any criminal proceedings while at the same time safeguarding the rights of the member of staff or Associated Person.

Scottish Para-Football or relevant Game Leader will take all reasonable steps to support a member of staff or Associated Person whom a concern has been raised about, as well as others who may be involved as witnesses.

Possible outcomes include one or more of the following:

- Police investigation — may involve a child protection investigation jointly by police and social work services
- Criminal proceedings
- Civil proceedings (by the child/family who raised the concern)
- Disciplinary Hearing (Scottish Para-Football staff only)
- Referral to Disclosure Scotland, where the adult was in regulated work with children and young people and the legal criteria for referral is met

#### **REFERRAL TO DISCLOSURE SCOTLAND UNDER PROTECTION OF VULNERABLE GROUPS (SCOTLAND) ACT 2007**

Depending on the nature of the concern and the action taken by the Scottish Para-Football or relevant Game Leader, there may be a requirement, in law, to notify Disclosure Scotland. The following will apply where the member of staff or Associated Persons is in regulated work with the Scottish Para-Football or relevant Game Leader and a member of the PVG scheme.

#### **Referring to Disclosure Scotland**

Scottish Para-Football will refer to Disclosure Scotland the case of any member of staff or Associated Person who (whether or not in the course of their role with Scottish Para-Football) has:

- harmed a child
- placed a child at risk of harm
- engaged in inappropriate conduct involving pornography
- engaged in inappropriate conduct of a sexual nature involving a child, or
- given inappropriate medical treatment to a child.

AND as a result the Scottish Para-Football or relevant Game Leader has taken or would have taken one of the following options:

1. Scottish Para-Football or relevant Game Leader has dismissed the member of staff or Associated Person; or
2. The member of staff or Associated Person would have been dismissed as a result of the incident had they not resigned, retired or been made redundant; or
3. Scottish Para-Football or relevant Game Leader has transferred the member of staff or Associated Person to a position in Scottish Para-Football or relevant Game Leader which is not regulated work with children; or

4. The member of staff or Associated Person would have been dismissed or considered for dismissal where employment or volunteer role was not due to end at the expiry of a fixed term contract; or

5. The member of staff or Associated Person would have been dismissed or considered for dismissal had the contract not expired.

Scottish Para-Football or relevant Game Leader will also refer the case of a member of staff or Associated Person where information becomes available after the member of staff or Associated Person has:

- been dismissed by Scottish Para-Football or relevant Game Leader; or
- resigned, retired or been made redundant; or
- been transferred to another position in Scottish Para-Football or relevant Game Leader which is not regulated work with children.

#### **INFORMATION FROM DISCLOSURE SCOTLAND**

If Disclosure Scotland notifies the Scottish Para-Football that a member of staff or Associated Person is being considered for listing that individual will be suspended as a precaution until the outcome of the case is determined. Precautionary suspension is not a form of disciplinary action and does not involve pre-judgment. In all cases of suspension, the best interests and wellbeing of children and young people will be the paramount consideration.

If Disclosure Scotland informs Scottish Para-Football that an individual is barred, that member of staff or Associated Person will be removed permanently from regulated work with children immediately in line with the Protection of Vulnerable Groups (Scotland) Act 2007.

#### **PRECAUTIONARY SUSPENSION**

Any member of staff or Associated Person may be suspended on a precautionary basis whilst an investigation is carried out. Suspension is not a form of disciplinary action but may be carried out where, for example, the concern indicates criminal behaviour or serious poor practice.

For members of staff, suspension will be carried out in accordance with the Scottish Para-Football Disciplinary Procedures, including written notification of the suspension to the member of staff.

#### **CRIMINAL PROCEEDINGS**

An ongoing criminal investigation does not necessarily rule out disciplinary action by Scottish Para-Football. However, any action taken must not jeopardise the criminal investigation. Advice must be taken from the police on this. Sufficient information should be available to enable either Scottish Para-Football or relevant Game Leader to make a decision whether to go ahead with disciplinary action or to respond under this procedure.

In any event, once criminal proceedings have concluded the Scottish Para-Football or relevant Game Leader will consider the matter and the outcomes in line with this procedure.

#### **FALSE OR MALICIOUS ALLEGATIONS**

In exceptional circumstances where an investigation establishes an allegation or concern raised is false or malicious:

- The member of staff and Associated Person involved will receive an account of the circumstances and/or investigation and a letter confirming the conclusion of the matter. They may wish to seek legal advice
- All records pertaining to the circumstances and investigation shall be kept confidentially
- Scottish Para-Football or relevant Game Leader will take all reasonable steps to support the individual in this situation
- In these circumstances the Scottish Para-Football will review the participation or continued involvement in Scottish Para-Football or relevant Game Leader activities of the individual who made the false or malicious allegation. If the false or malicious allegation has been made by a child or young person, it will only be appropriate to have a discussion with the child or young person to determine their views and opinions with parental/carer permission
- Data collected for the investigation will be destroyed in accordance with the requirements of current data protection legislation

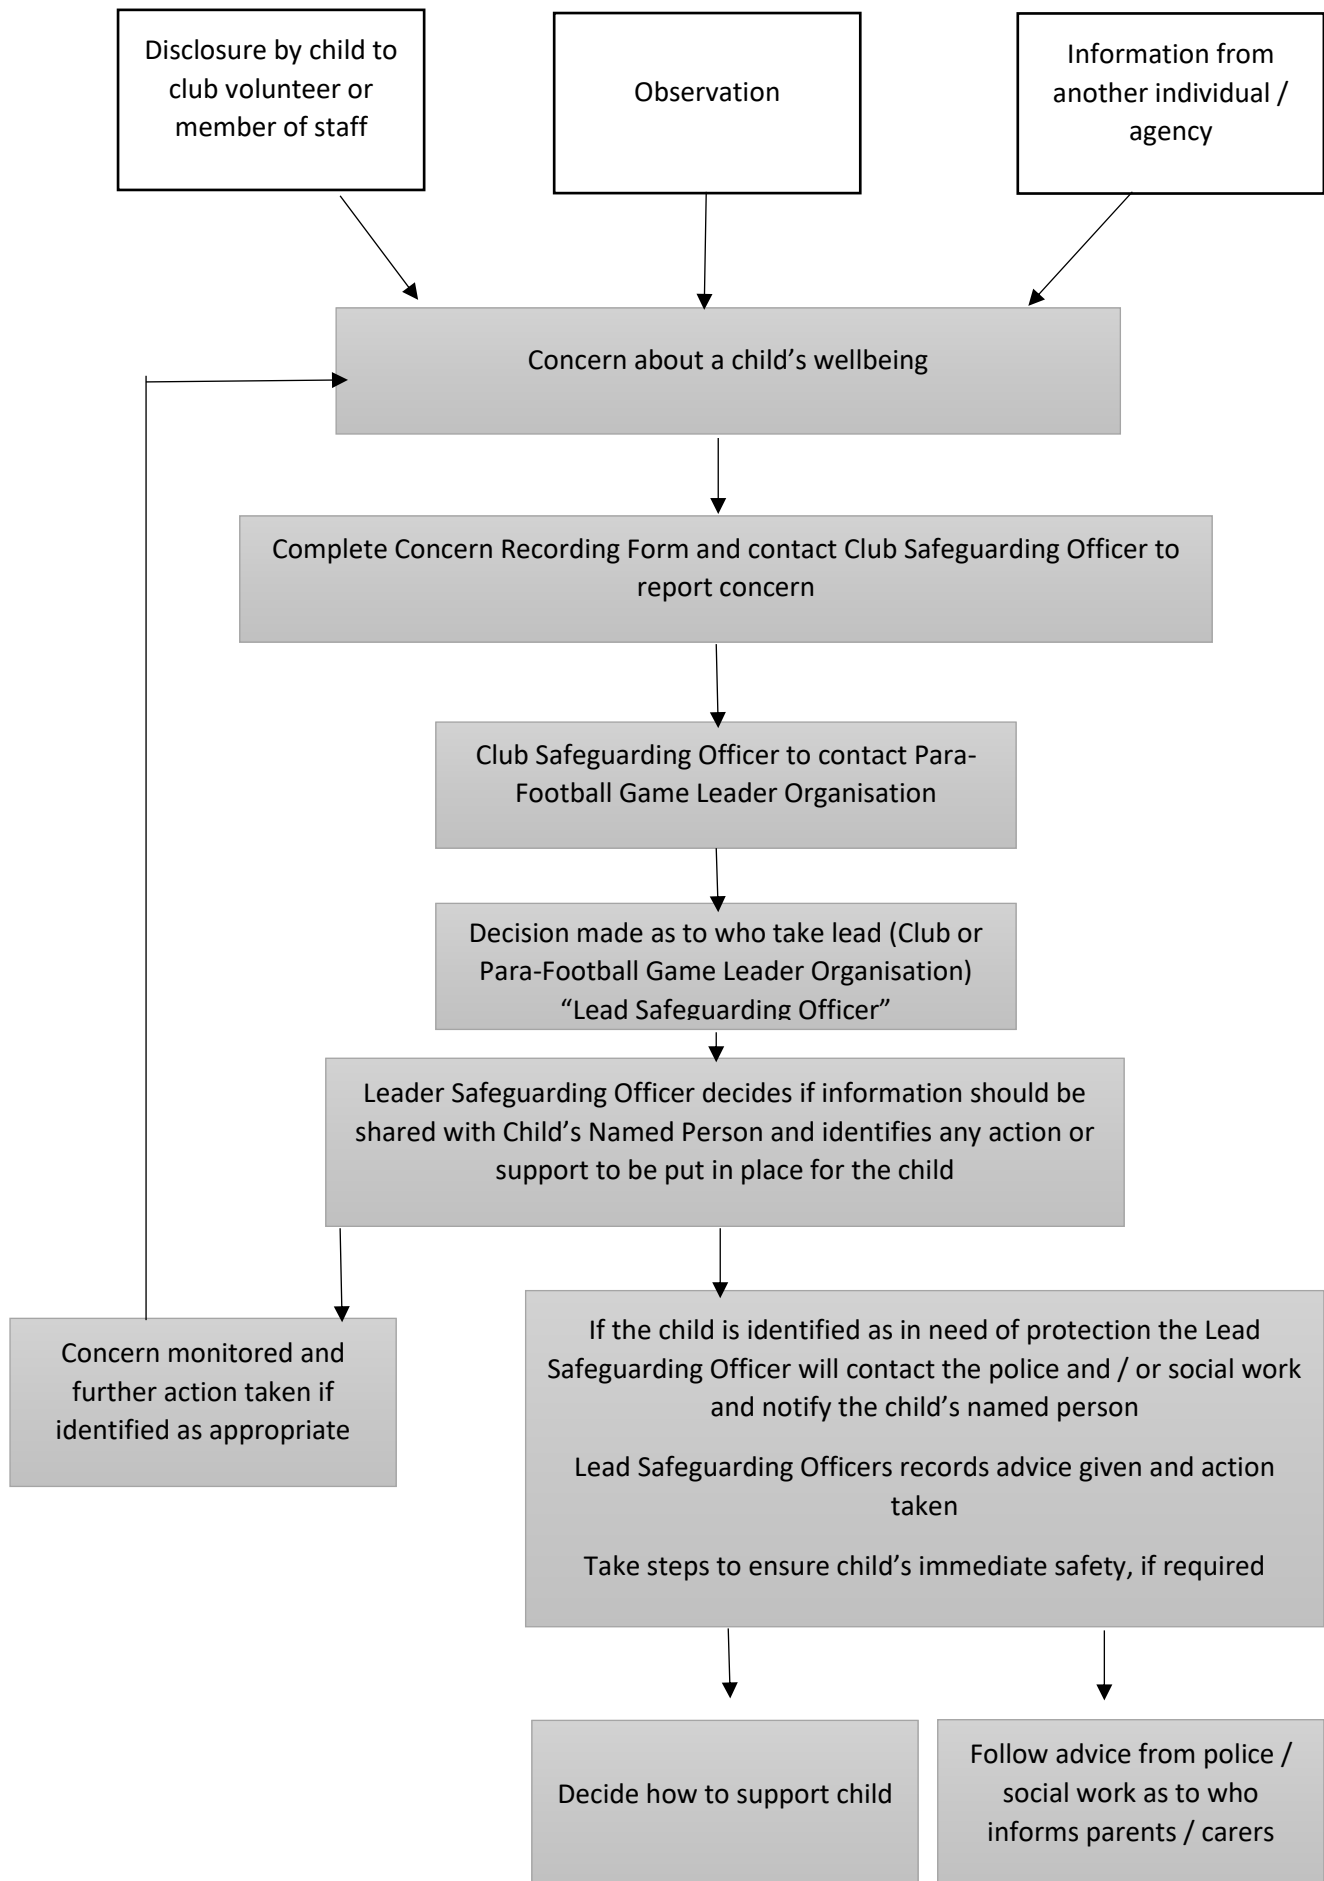

#### **ALLEGATIONS OF NON-RECENT ABUSE**

Scottish Para-Football recognises that sharing personal experience of abuse can be difficult, challenging and sensitive. Therefore allegations of abuse may be made some time after the event e.g. an adult who was abused as a child by someone who is still currently working with children. These procedures will be followed in the event of an allegation of non-recent abuse, including the Scottish Para-Football responsibility to refer to Disclosure Scotland.

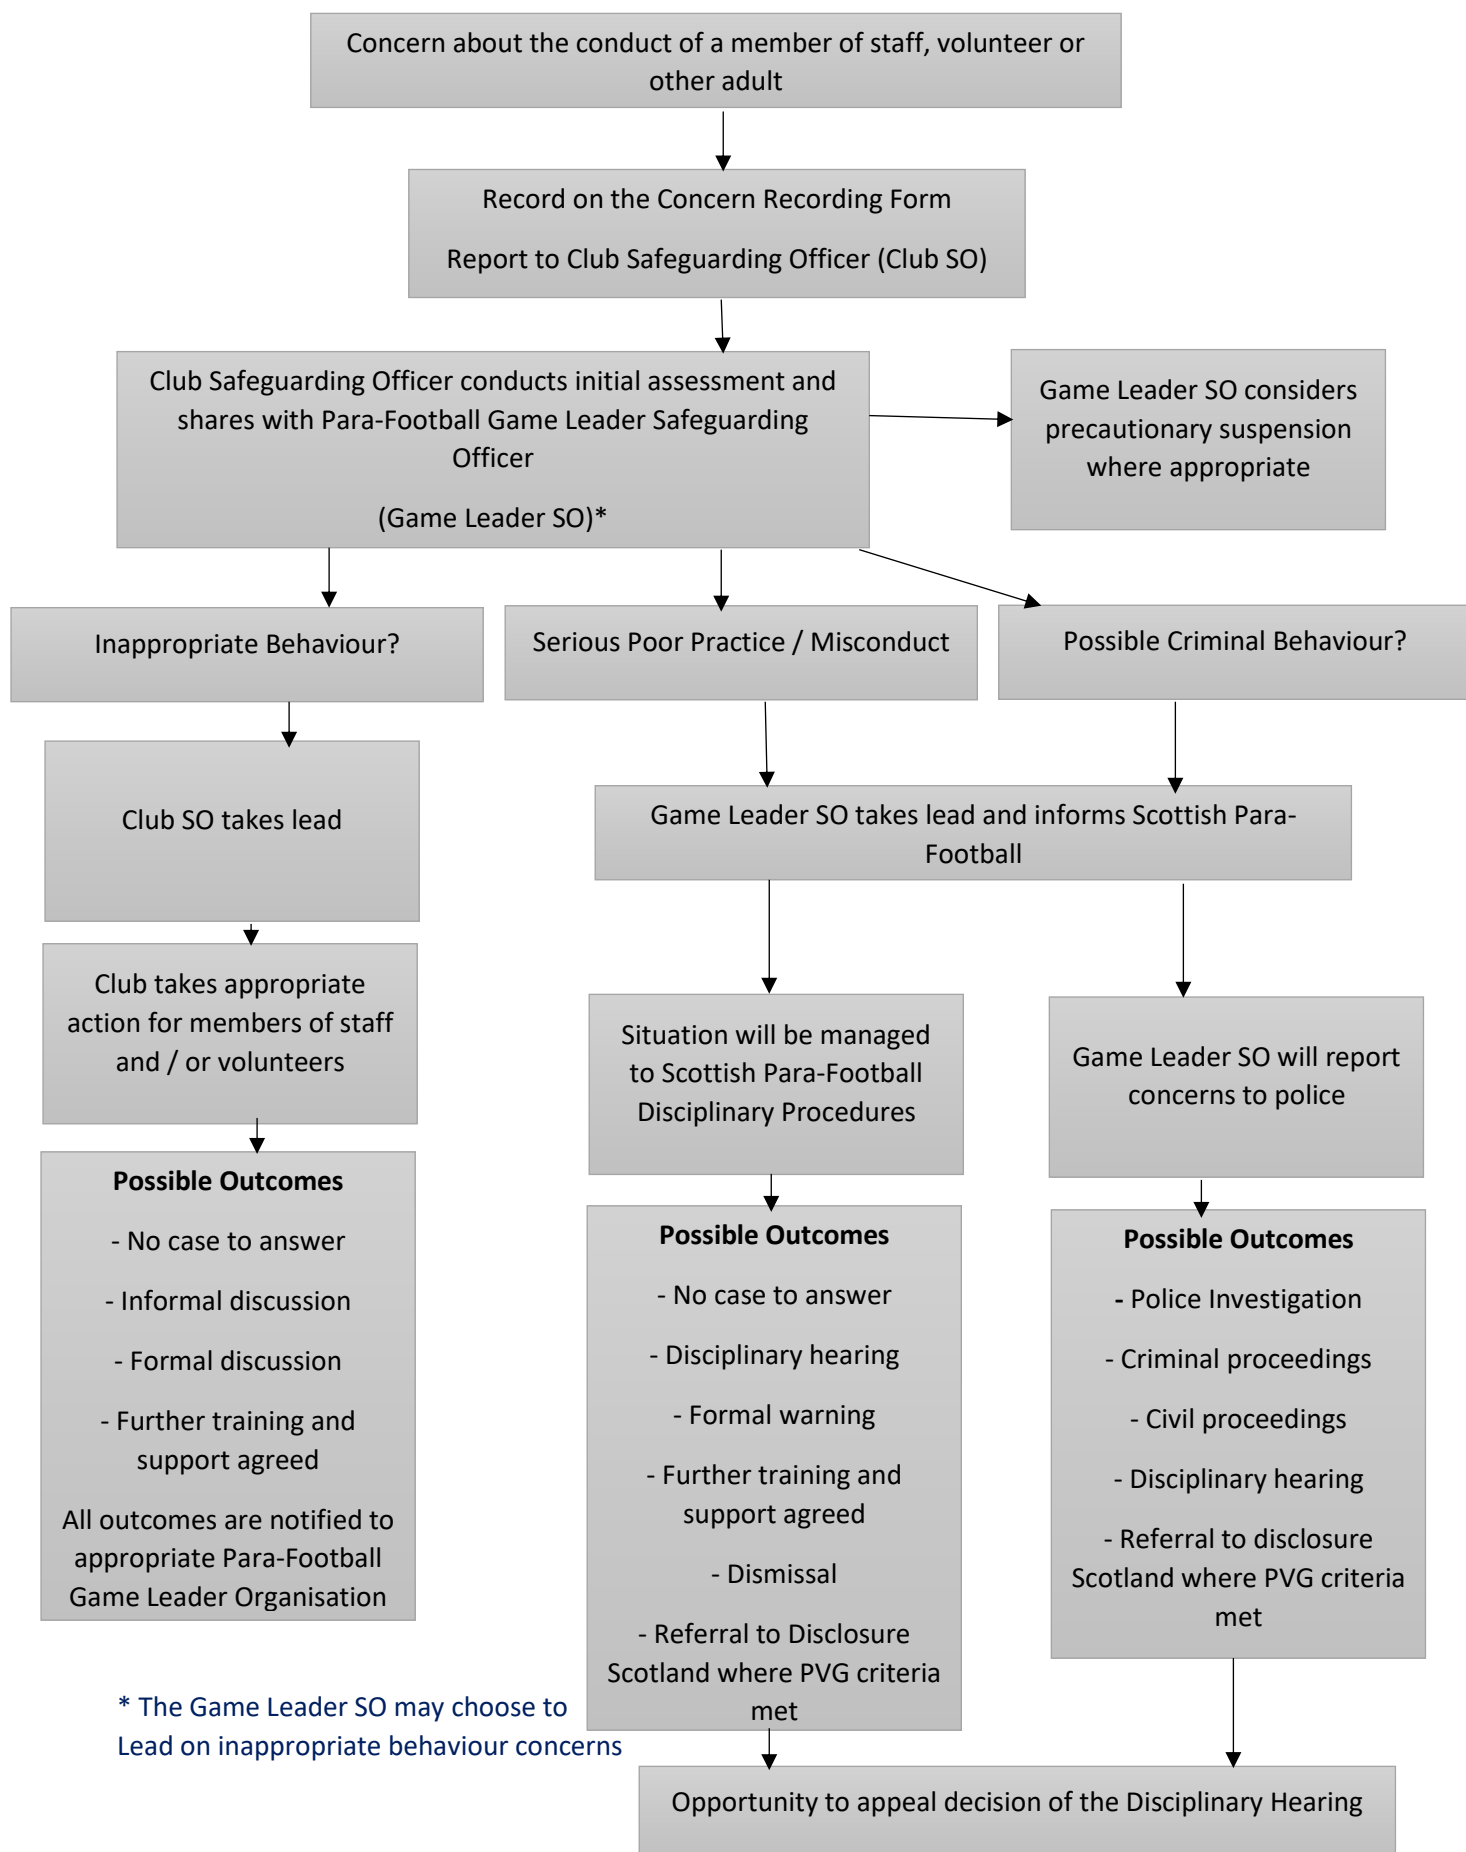

#### **MEDIA**

All media enquiries relating to concerns under this procedure must be referred to Scottish Para-Football Secretary.

**Responding to Concerns about a Child Procedure Flowchart**

**Responding to Concerns about the Conduct of an Adult Procedure Flowchart**

\* The Game Leader SO may choose to Lead on inappropriate behaviour concerns

## **REVIEWING THE MANAGEMENT OF CONCERNS**

### **PURPOSE OF CASE REVIEW**

Case reviews take place to establish whether there are lessons to be learned about the ways in which a concern has been investigated and responded to. Reviewing a concern allows Scottish Para-Football to consider:

- How the Responding to Concerns Procedure was implemented
- The effectiveness of the Responding to Concerns Procedure
- Informing policy and improving practice with regards to wellbeing & protection matters

### **DECIDING TO CONDUCT A REVIEW**

Scottish Para-Football will follow the criteria set out below when considering and establishing a case for review.

1. The harm or risk of harm to a child was high; and/or
2. Views expressed by those involved in the case have raised concern about the way it was handled; and/or
3. There was a clear failure of procedure in handling the case: and/or
4. The case concerned an unusual practice or behaviour; and/or
5. The case took a significantly long period of time to resolve; and/or

A case deemed eligible for review may be a particular concern or matter or, in some cases, may be cumulative concerns.

From time to time Scottish Para-Football may, internally, take a sample of cases to review to ensure the level of service provided in case management is consistent and to highlight any learning to take forward into future cases.

### **IDENTIFYING WHO UNDERTAKES THE REVIEW**

Scottish Para-Football Secretary will appoint a case reviewer, who may be internal or external to Scottish Para-Football. The case reviewer, whether internal or external, will have expertise in the area of the concern. These skills may differ according to the circumstances of each case and the agreed role of the case reviewer

#### ***External Case Reviewer***

The following criteria will be considered when deciding whether the case review should be external to [Insert ANA/League Name].

- Are the recommendations likely to influence and/or change practice across the whole of Scottish football?
- Was the risk of harm to the child high?
- Has the case attracted a significant amount of media interest?
- Is there a lack of experience and knowledge internally regarding the nature of the case?
- Have the Board expressed a preference towards an external reviewer as being more appropriate?

Where the answer has been **yes** to one or more of the criteria above, there is a presumption that an external case reviewer will be appointed by Scottish Para-Football. Scottish Para-Football continue to have an overview of the review and will set out clear expectations in respect of timescales (see section below), milestones in the process and deadlines for completion of reports but will not have any input into the findings or recommendation of the review.

Where an external reviewer is commissioned, consideration will be given to any formal contractual arrangements required, appropriate legal advice sought, which agencies will enter into the arrangements (if any) and a contract drawn up covering timescales, fees and confidentiality including data protection.

### ***Internal Case Reviewer***

Reviews may also be undertaken internally and a case reviewer will be appointed from within Scottish Para-Football. A case will not be reviewed by any individual who had an involvement in the concern or incident, either as a named individual or witness, in the matter of concern.

### **TIMESCALES FOR REVIEW**

It is desirable that the case review should be undertaken as speedily as feasible and all cases will aim to be reviewed within an 8 week period from the point the case reviewer has been appointed and received all evidence and correspondence relating to the case.

Timescales will be open to change due to particular circumstances relating to each case. Where an extension is necessary a progress report and explanation for the extension must be submitted for approval to Scottish Para-Football's Secretary.

### **FIRST STEPS OF THE REVIEW**

After an individual has been identified, the case reviewer will give consideration to any outstanding investigations or ongoing proceedings. These considerations will be:

1. Is there a police and/or social work protection investigation still ongoing?
2. Is there a criminal investigation by the police still ongoing?
3. Are there any related legal proceedings in relation to the case?

If the answer to any of these questions is yes, the review cannot proceed until the above have concluded.

### **OTHER CONSIDERATIONS**

If the review can proceed, the case reviewer will consider how people may feel about the case being reviewed and the possible impact this could have. These reviews are not in place to reopen concerns or reinvestigate them. All evidence and correspondence relating to the concern itself will be considered and only in exceptional circumstances will contact be made with those involved e.g. parents, children and witnesses for opinions or comment.

People may feel anxious about their actions being scrutinised but it should be made clear at the start of the review what it is set out to achieve to relieve any concerns, for example:

*“I've been asked by the Scottish Para-Football to review how the organisation dealt with the concerns about XXXXX. This will consider how procedures were followed and whether appropriate*

*action was taken to protect those involved. I understand that you were involved in this case but I would like to clarify that this review is in place to..."*

Throughout the whole case review, the case reviewer will make a record of the review and their findings. This may not be a lengthy report, although a full report may be appropriate in certain circumstances. Generally, any record of a review should contain the following information:

- The source of the concern
- The nature of the concern
- A chronology of events, individuals and organisations involved
- Action taken
- An analysis of the key issues or matters linked to the aims of the review
- Any other relevant points or observations
- Lessons to be learned and changes to be made
- Recommendations

## CASE REVIEW PROCEDURE

### ESTABLISH THE FACTS OF THE CASE, A CHRONOLOGY OF EVENTS AND THE ROLES OF THOSE INVOLVED

Setting out the actual sequence of events will help the case reviewer to understand what happened, when, and who was involved; for example:

23 April 2018 Young person discloses physical abuse to their coach during a training session

23 April 2018 Coach Reports the matter to Scottish Para-Football

24 April 2018 Concern allocated to Scottish Para-Football or Relevant Game Leader

24 April 2018 Advice sought by Scottish Para-Football or relevant Game Leader from DC Smith at the Family Protection Unit, Police Scotland and the disclosure is reported to the police

25 April 2018 Scottish Para-Football or relevant Game Leader speaks to coach about any appropriate support for the young person

### IDENTIFY KEY QUESTIONS IN RELATION TO THE AIMS OF THE REVIEW

The case reviewer should then identify the questions contained in the specific remit of the review, and sources of information to provide the answers.

If the case reviewer considers that a child or young person may still be at risk despite action taken during the case or as a result of failure to take appropriate action, they should be prepared to act.

**Any urgent issues should be addressed immediately without waiting for the conclusion of the review.**

### IDENTIFY ANY OTHER RELEVANT POINTS OR OBSERVATIONS

The case reviewer may identify issues which are worth exploring further. These may include:

<b><u>PROCEDURES</u></b>	<b><u>PEOPLE</u></b>
<ul style="list-style-type: none"> <li>◆ Were the relevant procedures followed?</li> <li>◆ If not, is there a reasonable explanation for this?</li> <li>◆ Were the timescales appropriate?</li> <li>◆ Do the current procedures provide adequate information about what to do?</li> <li>◆ If appropriate, was a referral made to Disclosure Scotland as required in law?</li> </ul>	<ul style="list-style-type: none"> <li>◆ Were the right people involved?</li> <li>◆ Were the views of the child/family obtained?</li> <li>◆ Were those involved aware of the procedures?</li> <li>◆ Had the people involved been trained?</li> <li>◆ Where appropriate, were external organisations involved; for example, the police or governing body of sport?</li> </ul>

<b><u>OUTCOMES</u></b>	<b><u>RECORDING</u></b>
<ul style="list-style-type: none"> <li>◆ Was the outcome appropriate in the case?</li> <li>◆ If not, why not?</li> <li>◆ Is there a need to take further action in this case; for example, referring the case to police/social work?</li> <li>◆ Were the right people told the right things about the outcome?</li> </ul>	<ul style="list-style-type: none"> <li>◆ Were records kept?</li> <li>◆ Is the quality of the information recorded satisfactory?</li> <li>◆ Can the forms be improved?</li> </ul>

*(This list is not exhaustive)*

### **IDENTIFY ANY LESSONS TO BE LEARNED, CHANGES NEEDED AND MAKE RECOMMENDATIONS**

If the case reviewer has gone through the above and can identify gaps or missed opportunities then this will inform the case reviewer’s recommendations.

Recommendations may include things like changes to procedures, forms and/or the provision of training. It may be helpful for the case reviewer to prioritise the recommendations; for example, essential, desirable or helpful.

### **RESPONDING TO THE FINDINGS AND RECOMMENDATIONS**

Recommendations will be reported to the Scottish Para-Football Secretary in the first instance and the Secretary will consult with the Chair as required.

The report should include the recommendations only and not any details about the case, in order to preserve the child or young person’s privacy, as well as others involved. The Secretary will consider how to respond to the findings, any recommendations and how to advise or support any others on whose behalf the review has been conducted.

Where recommendations are to be followed, the Secretary, or the Chair when necessary, will identify:

- the priorities
- what action is required
- who will take action to address the recommendations
- timescales for completion

This information must be clearly communicated to those involved.

If it is decided not to follow any recommendations, this decision and the reasons shall be clearly recorded. The Secretary in consultation with the Chair, as appropriate, will consider whether this decision requires to be communicated further

**REMEMBER THAT MANY OF THE DETAILS OF THE CASE WILL BE CONFIDENTIAL, SO ANY INFORMATION SHARED MUST BE PRESENTED IN A WAY THAT PROTECTS THE ANONYMITY AND PRIVACY OF THOSE INVOLVED.**

## CONCERN RECORDING FORM

This form must be completed as soon as possible after receiving information that causes a concern. Contact Scottish Para-Football or relevant Game Leader to report the concern then email the completed form to [Secretary@Scottishparafootball.co.uk](mailto:Secretary@Scottishparafootball.co.uk) as soon as possible after completion; do not delay by attempting to obtain information to complete all sections.

### ADVICE FOR COMPLETING THE FORM

#### **Part A – Contact Information**

Please complete Part A to include all relevant contact information. Where the concern is about a child and the conduct of an adult relating to that child then both parties information must be completed. You must also include your contact information.

#### **Part B – Details of the Concern**

Please complete this section to include as much information as possible. Where possible please include information about dates, times and location. If the concern has been reported to you by the child, please use their own words and also record anything that you said to the child.

#### **Part C – Information Sharing**

Please complete this part of the form if you have shared the information with any third party including the child's parents/carers, Named Person or with other services including the police, social services, school or any other relevant organisation

**Remember to maintain confidentiality on a *need to know* basis – do not discuss this incident with anyone other than those who need to know.**

#### **Part D – For use by Scottish Para-Football or relevant Game Leader**

This section is for use by the Wellbeing and Protection Department and should not be completed by the person reporting the concern.

#### **IMPORTANT INFORMATION:**

Please do not keep any electronic, printed or written versions of this form. It is important to maintain confidentiality to delete or shred as soon as the information has been passed on. This information will be retained by Scottish Para-Football or relevant Game Leader in a secure and confidential manner.

**PART A - CONTACT INFORMATION**

**CHILD'S DETAILS (if applicable – *details of the child who has been harmed or is at risk of harm*)**

<b>Name:</b>	<b>Date of Birth:</b>
<b>Address:</b>	<b>Tel No:</b>
<b>Post Code:</b>	
<b>Child's Named Person/school teacher:</b>	<b>Named Person/school teacher Tel No:</b>
<b>Preferred Language</b>	<b>Is an interpreter required? YES / NO</b>
<b>Any Additional Needs?</b>	

**ADULT'S DETAILS (if applicable – *adult whose conduct you are concerned about*)**

<b>Name:</b>	<b>Tel No:</b>
<b>Address:</b>	<b>Relationship to Child:</b>
<b>Post Code:</b>	

**CONTACT INFORMATION OF PERSON REPORTING THE CONCERN**

<b>Name:</b>	<b>Tel No:</b>
<b>Position/Role:</b>	
<b>Signature:</b>	
<b>Date:</b>	

**PART B – DETAILS OF THE CONCERN**

*If necessary please continue on a separate sheet. If doing so please number and date each sheet.*

<p><b>Details of concern:</b></p>
<p><b>Child's views on situation (if expressed)</b> – <i>Where possible, please use the child's own words</i></p>
<p><b>Details of any other witnesses/other people involved</b></p>
<p><b>Details of any injuries (where applicable)</b> – <u>do not take photographs of any injuries</u> <i>Please include all injuries sustained, location of injury and any treatment</i></p>
<p><b>Action taken so far and when:</b></p>
<p><b>Other relevant information:</b></p>

**PART C – INFORMATION SHARING (if applicable)**

**PLEASE NOTE – it will usually not be necessary to share information before seeking advice from Scottish Para-Football, except in an emergency. Only share information on a need to know basis. If you are unsure as to who you should inform, please contact the Scottish Para-Football for further advice**

<b>Who has been informed?</b>	
Child's parents/carers  Yes/No	If yes, record details:  If no, please state why?
Child's Named Person/school teacher  Yes/No	If yes, record details:  If no, please state why?
<b>External agencies contacted (date and time)</b>	
Police  Yes / No  Date:  Time:	Name, role and contact number:  Incident number (if applicable):  What information was shared and why:  Details of advice received:
Local authority (inc. social services and education)  Yes / No  Date:  Time:	Name, role and contact number:  What information was shared and why:  Details of advice received:
Other  Yes / No  Date:  Time:	Name and contact number:  What information was shared and why:  Details of advice received:

**CASE REVIEW PLANNING TEMPLATE**

<b>Name of case reviewer:</b>	
<b>Reporting to:</b>	<b>e.g. Secretary, Game Leader, Chair etc.</b>
<b>Case reference:</b>	<i>If this record is going to be shared with others, the details of the case should be anonymised using a unique reference number or identifier.</i>
<b>Outstanding investigations and proceedings:</b>	<p><b><i>If relevant to this case, have the following been concluded:</i></b></p> <ol style="list-style-type: none"> <li><i>1. Police and social work child protection investigation? Y/N</i></li> <li><i>2. A criminal investigation by the police? Y/N</i></li> <li><i>3. Any related legal proceedings? Y/N</i></li> </ol> <p><b><i>If the answer to any of these questions is no, the review cannot proceed.</i></b></p>
<b>Remit of review:</b>	<p><i>List here in bullet point form the reasons for the review</i></p> <ul style="list-style-type: none"> <li>◆</li> <li>◆</li> <li>◆</li> </ul>
<b>Timescales for completion:</b>	<i>This should be the dates when the review will begin and end with the reported findings.</i>
<b>How will the review be conducted?</b>	<p><i>List here the methods to be used to conduct the review; for example:</i></p> <ul style="list-style-type: none"> <li>◆ <i>a review of all paper records</i></li> <li>◆ <i>telephone/face to face interviews with relevant individuals</i></li> <li>◆ <i>contact with other organisations involved as necessary.</i></li> </ul>
<b>Are there any special considerations or features in this case?</b>	<i>For example, this case was reported in the press, the child involved has a learning disability.</i>
<b>How will the findings and recommendations be reported?</b>	
<b>Who will the outcomes of the review be shared with?</b>	<i>List here all internal and external parties with whom information will be shared.</i>

## **ANTI-BULLYING**

“Bullying is never acceptable; it doesn’t make a child better or stronger to get through it and it should never be seen as a normal part of growing up.” (respectme)

Children’s wellbeing can be seriously impacted by bullying behaviour. Bullying can take some children’s rights away from them. Bullying is both behaviour and impact, the impact is on a person’s capacity to feel in control of themselves. This is what is termed as their sense of ‘agency’. Bullying takes place in the context of relationships; it is behaviour that can make people feel hurt, threatened, frightened and left out. This behaviour happens face to face and online. (respectme 2015)

### **What is bullying?**

Bullying behaviour can harm people both physically and emotionally. Something only has to happen once to make a child feel worried, scared, threatened, left out and hurt. The actual behaviour may not be repeated but the threat may be sustained over time, typically by actions, looks, messages, confrontations, physical interventions, or the fear of these. Bullying behaviour is not always deliberate, but that does not mean that the bullying behaviour does not need to be appropriately challenged.

Scottish Para-Football appreciates that bullying behaviour can be difficult to identify because it often happens away from others and young people may be reluctant to tell adults for fear of repercussions or an ‘over-reaction’ by adults. This Practice Note provides guidance for members of staff and Associated Persons to recognise ‘signs’ of bullying behaviour and understand the impact that it can have on the child or young person who is being bullied. It sets out how members of staff and Associated Persons should respond should they have any concerns about bullying behaviour.

### **Prejudice-based bullying**

Prejudice-based bullying is when bullying behaviour is motivated by prejudice based on an individual’s actual or perceived identity and can be based on characteristics unique to a child or young person’s identity or circumstance e.g. their ethnicity or religion or sexuality. When the bullying behaviour is as a result of prejudice, there is a need to address the root cause of the prejudice as well as effectively responding to incidents as they arise.

### **How to recognise bullying behaviour**

Bullying behaviour can include:

- Being called names, teased, put down or threatened (face to face and/or online)
- Being hit, tripped, pushed or kicked
- Being ignored, left out or having rumours spread about you (face to face and/or online)
- Having belongings, including money, taken or damaged
- Sending abusive messages, pictures or images on social media, online gaming platforms or by phone
- Behaviour which makes people feel like they are not in control of themselves or their lives
- Being targeted because of who you are or who you are perceived to be

The impact can include:

- Reluctance to attend training or get involved at the club
- Performance can be hindered or the young person may show a lack of interest
- Change in behaviour when around particular people at the club e.g. being more withdrawn or appearing fearful
- Change in behaviour in general e.g. may appear more anxious or more guarded
- Unexpected absences at training and/or matches
- Unexplained injuries – this may include injuries which have been self-inflicted as a means of coping
- The child or young person saying they have lost or misplaced items

**Scottish Para-Football will:**

- Seek to prevent, reduce and respond effectively to bullying behaviour, through the implementation of this Policy and by ensuring that children and young people know what to do and who they can speak to if they are worried
- Highlight bullying based on prejudice and perceived differences to ensure our practices are effective in dealing with these issues
- Seek to understand the experiences and address the needs of children and young people who are bullied, as well as those who bully, within a framework of respect, responsibility, resolution and support
- Create an environment where bullying behaviour is not tolerated and is responded to in the best interests of the children and/or young people involved

**How to create the right environment**

Environments that promote respect, celebrate difference and encourage positive relationships and behaviour are less likely to see bullying as acceptable behaviour. Creating the right environment can discourage bullying behaviour and encourage children and young people to share any concerns.

- Cultivate an ethos where there is an antibullying culture – it is especially important that adults are good role models for children and young people
- Take all signs and reports of bullying seriously
- Take all allegations seriously and take action to ensure that the child or young person is safe
- Do not label children or young people as “victims” and “bullies”. Talk about ‘bullying
- Respond to each incident of bullying behaviour individually and adopt different practices, if necessary, to find the most effective response
- Encourage all children and young people to speak and share their concerns. Help those being bullied to speak out by being open and encouraging children and young people to tell a coach or an adult who can help them
- Have posters and signposting of local support services visible so children and young people behaviour’ and help and support the child or young person to change their behaviour and to understand and recognise its impact
- Speak to those being bullied and those displaying bullying behaviour separately know where they can go for advice and support if they do not feel comfortable speaking to someone within Scottish Para-Football

## How to respond to bullying behaviour

When responding to incidents or accusations of bullying behaviour the approach should be to ask:

- What was the behaviour?
- What impact did it have?
- What do I need to do about it?
- What attitudes prejudices or other factors have influenced the behaviour?
- What does the child or young person who has been bullied want to happen?

**NEVER allow bullying behaviour, in any form, to go unchallenged and unreported**

## What to do when bullying incidents and behaviour occur

How to support the child or young person who is being bullied:

- Listen to and give the child or young person your full attention, exploring options together of what you can do to help
- Reassure the child or young person reporting the bullying that you can be trusted and will help them, although you cannot promise to tell no-one else
- Explain what will happen next and how they are going to be kept informed
- Be clear that online bullying behaviour will be treated as seriously as any other form of bullying behaviour
- Report any concerns to Scottish Para-Football or relevant Game Leader by completing the Concern Recording Form. This should include a record of what was said
- In cases of online/electronic bullying advise children or young people who are being bullied by text, email or online:
  - to report the behaviour to the social media site and retain the communication e.g. a screenshot or to print it out
  - check their privacy settings to ensure their account is private and that no one can post on their page without them accepting the post
  - consider blocking the person who is making negative or offensive comments

Children and young people who are exhibiting bullying behaviour will need help and support too:

- Talk with the child or young person who has been displaying bullying behaviour. Explain the situation and try to get them to understand the consequences of their behaviour
- Identify the feelings that cause them to act this way and develop alternative ways of responding to these feelings
- Encourage and support those displaying bullying behaviour to change this behaviour. Ask them to consider the impact their actions are having on the other person
- Aim to restore positive relationships. In some cases it might be worth considering seeking an apology from those involved in bullying behaviour (for example where those on the receiving end wish reconciliation). However, apologies are only of real value when they are genuine
- Be sensitive and use good judgement when it comes to informing the parents/carers of those whose negative behaviour is impacting on others. Put the child or young person at

the centre – will telling the parents/carers result in more problems for the child or young person? What are the child/young person's views on parents/carers knowing? If in any doubt seek advice from Scottish Para-Football before responding

- Only consider imposing consequences as necessary to ensure the safety of children and young people, e.g. exclusion from the team or particular activity until behaviour standards are improved

**These guidelines have been informed and developed with support from respectme, their publication 'Bullying in Scotland 2014' and the Respect for All: National Approach to Anti-Bullying for Scotland's Children and Young People, Scottish Government 2017. Copyright remains with respectme and we acknowledge all and any material taken from [www.respectme.org.uk](http://www.respectme.org.uk)**

## BEHAVIOURS

Football should be an enjoyable activity which allows everyone to take part in a fun and safe manner. At times this will involve managing behaviours in an appropriate way and responding to challenging behaviour in a safe and thought out manner.

This Practice Note aims to promote best practice that can help support children and young people manage their own behaviour. It also identifies unacceptable actions or interventions which must never be used by Scottish Para-Football members of staff or Associated Persons.

These guidelines are based on the following principles:

- The wellbeing of the child or young person is the paramount consideration
- A risk assessment, by means of planning and preparing for each session, should be completed for all activities taking into consideration the needs of all children or young people involved in the activity. For further information see [Practice Note – Prevention Planning](#)
- Children and young people must never be subjected to any form of treatment that is harmful, abusive, humiliating or degrading and should always be able to maintain their dignity and respect
- No member of staff or Associated Person should attempt to respond to behaviour by using techniques for which they have not been trained

### Managing Behaviour

It is important to create the right environment and model the behaviour that you expect from children and young people involved in football.

**Creating the right environment** involves but is not limited to:

- Strong leadership - promoting positive relationships at all levels and a culture and ethos of positive and respectful relationships. Members of staff and Associated Persons should embody the behaviour expected from the children and young people
- Constructive communication – communication between the adults and children or young people includes listening to the child or young person without interruption, or trying to solve the problem, and recognising how the child or young person is feeling
- Behavioural reinforcement - rewards for good behaviour and consequences for negative behaviour
- All those delivering activities to children and/or young people should receive appropriate training and should be supported to address issues of behaviour through regular conversations with their manager and/or support from the Wellbeing and Protection Department

From time to time members of staff and Associated Persons working or volunteering with children and/or young people may be required to deal with a child or young person's behaviour that they find challenging. Managing this behaviour will involve advance planning of activities, responding in an appropriate way to the challenging behaviour and reflecting on how practice can be improved.

## **Preparation and Planning**

### Agreeing Acceptable Behaviour

Members of staff, Associated Persons, children/young people and their parents/carers should be involved in developing an agreed statement of what constitutes acceptable and unacceptable behaviour. This is commonly known as a 'Code of Conduct'. All members of staff and volunteers working or volunteering with children and young people will be expected to sign up to the 'Set the Standards – Behaviours, Expectations and Requirements' and uphold the Wellbeing and Protection Values – Inclusive, Approachable, Empowering and Accountable.

Children and young people involved in Scottish Para-Football activities should also be encouraged to develop their own Code of Conduct. This will primarily involve children and young people who are playing football and can be done at the start of the season, in advance of a trip away from home or as part of a welcome session.

### **How do we help children and young people come up with a Code of Conduct?**

- Ask the children and/or young people as a group to set out what behaviour they find acceptable and unacceptable within their group or team
- Ask them what the consequences of breaking the 'agreement' should be. Experience shows that they will tend to come up with a sensible and working 'agreement'
- If and when such a list is compiled every member of the group will be asked to sign it, as can new members as they join
- If possible, have a copy of the 'agreement' visible for reference during the activity e.g. in the team's changing room

### Planning Activities

Good practice requires planning sessions around the group as a whole, but also involves taking into consideration the needs of each individual child or young person within that group. Planning sessions involves 'risk assessing' the sessions and those taking the session or activity should consider whether any members of the group have presented challenges in the past, or are likely to present any difficulties in relation to the tasks involved, the other participants or the environment.

### **When planning a session, activity or event members of staff and Associated Persons should:**

- Identify the appropriate number of adults required to safely manage and support the session, increased supervision may be necessary for particular activities or events
- Be able to adequately respond to any behaviour and safeguard other members of the group, including other members of staff and/or Associated Persons
- Where members of staff and/or Associated Persons identify any potential risks, strategies to manage those risks should be agreed in advance of the session, event or activity
- If it is identified that a child or young person is likely to display challenging behaviour:
  - Speak to their parents/carers before the session or at the start of the season to identify techniques used within the home setting to support the child or young person and manage difficult behaviour, if appropriate

- If appropriate, seek advice from professionals if the child or young person has particular needs. This should always been done with the support and agreement of the child/young person and their parents/carers
- Only in circumstances where the risk is too great towards the child or young person or others should the child or young person be asked to sit out of the activity

### **Managing behaviour during the activity**

It is essential that responding to difficult behaviour is always done in a thought out and calm manner.

### **Responding to a child who is displaying challenging behaviour:**

- Listen to the child or young person and use their name
- Ask the child or young person ‘what’s happened?’ to help calm the situation and give them an opportunity to reflect on why they are behaving this way
- Tell them that you to want to hear what they have to say e.g. say to them “Help me to understand what you are saying to me?”
- Give them a way out or offer ‘time out’ e.g. “would you like to take a break?” them e.g. “I can see that you are feeling frustrated”
- Separate the behaviour from the person
- If there is going to be a consequence for their behaviour, explain to them what the consequence will be and what the behaviour was that has led to this consequences

### **Consequences for risk-taking or unacceptable behaviours:**

- Physical punishment or the threat of such
- Invading the child or young person’s personal space
- Shouting, threatening, preaching or arguing
- Verbal intimidation, ridicule or humiliation
- Telling the child or young person to “calm down”
- Pointing or shaking your finger
- Trying to ‘win’ or have the last word
- Interrupting e.g. “no, you listen to what I’m saying for a change...”
- The withdrawal of communication with the child or young person
- Taking it personally
- Dismissing their feelings
- The child or young person being deprived of food, water or access to changing facilities or toilets
- The threat that the child or young person will be ‘dropped’ from the team or not selected to play in the next game. Unless they present a risk of serious harm to themselves or others involved in the game and in these circumstances the reasons for this decision should explained to the child or young person and their parents/carers

### **After each activity**

- Reflect on practice – what worked well, what did not work?
- Issues of behaviour and control should regularly be discussed with members of staff, Associated Persons, the child or young person and their parents/carers in the context of rights and responsibilities

Members of staff and Associated Persons should review the needs of any child or young person on whom consequences are frequently imposed. This review should involve the child or young person and their parents or carers to ensure an informed decision is made about the child/young person's future or continued participation in the group or team. Whilst it would always be against the wishes of everyone involved in the Scottish Para-Football or relevant Game Leader ultimately, if a child or young person presents a high level of risk or danger to themselves, or others, they may not be able to continue participating. This assessment could result from a single incident.

### **Physical Contact**

There are a range of situations where members of staff and/or Associated Persons may come into physical contact with the children and/or young people. For example, to prevent or treat an injury, a child who is upset reaching out for comfort, congratulating a player who has done well, to position the player for a drill etc.

### **The general guidance is as follows:**

- All forms of physical contact should be respectful and be sensitive to the needs and wishes of the child or young person and take place in a culture of dignity and respect
- Children and young people should be encouraged to express their views on physical contact
- Physical contact should be in a reasonable and appropriate manner in an open environment with other adults present, where possible
- Be mindful that to comfort a child or young person who is upset, it is not always necessary or appropriate to place an arm around them. Sitting down and listening to them and maybe holding their hand can show concern for their situation
- Sometimes children or young people will initiate a hug or other forms of excited/happy contact with coaches and other adults, this is a normal form of human expression. It is important that adults respond to this in an appropriate manner, where they engage with the child or young person in a positive way while not prolonging the contact or imitating it. Respond and then re-direct them into a more suitable coach/player form of positive expression such as a high 5 or dropping to one knee to speak to them at eye level

### **Members of staff and Associated Persons must never:**

- initiate unnecessary physical contact with their participants
- engage in 'rough' physical contact
- engage in sexually provocative games e.g. horseplay or touching a child or young person in a sexually suggestive manner

### Supporting a child with personal care

Some members of staff and/or Associated Persons may be working with younger children or young people with particular needs. It is recommended that the child's parents or carer undertake any personal care, where possible. If it is necessary to help a child or young person with personal tasks e.g. toileting or changing, the child or young person and their parents or carers must be encouraged to express a preference regarding the support and work together with the member of staff and/or Associated Person to develop practiced routines for personal care so that the child or young person and their parents/carers know what to expect. It is also important to establish what the child or young person can do themselves and any support should be limited to what the child or young person cannot do. The child or young person and their parents or carers should also be encouraged to speak out about methods of support with which they are uncomfortable.

Do not take on the responsibility for tasks for which you are not appropriately trained e.g. manual assistance for a child or young person with a physical disability.

### Physical contact for drills

Members of staff and/or Associated Persons who are training on particular techniques should demonstrate the move themselves or ask another player who can display the technique being taught. In exceptional circumstances, despite a demonstration or verbal description, it may be necessary to move the child or young person into a particular position. In these circumstances, the child or young person must be asked if they are comfortable to be moved into the correct position and a description given to the child or young person as to what it will involve e.g. "is it ok if I put my hands on your shoulders and move you into the correct position?" Manual support should be provided openly and must always be proportionate to the circumstances and must never involve contact with the child or young person's buttocks, genitals or breasts.

### Physical interventions

The use of physical interventions should always be avoided unless it is absolutely necessary in order to prevent a child or young person injuring themselves, injuring others or causing serious damage to property. All forms of physical intervention shall form part of a broader approach to the management of behaviour.

Physical contact to prevent something happening should always be the result of conscious decision making and not a reaction. Before physically intervening, the member of staff or Associated Person should ask themselves, 'Is this the only option in order to manage the situation and ensure safety'?

### **The following must always be considered:**

- Contact should always be avoided with the buttocks, genitals and breasts
- Members of staff and Associated Persons should never behave in a way which could be interpreted as sexual
- Any form of physical intervention should achieve an outcome that is in the best interests of the child or young person whose behaviour is of immediate concern and achieve a better outcome for the child or young person than if no physical intervention is used

- Members of staff and Associated Persons should consider the circumstances, the risks associated with employing physical intervention compared with the risks of not employing physical intervention
- The scale and nature of physical intervention must always be proportionate to the behaviour of the child or young person and the nature of harm/damage they might cause
- All forms of physical intervention should employ only a reasonable amount of force - the minimum force needed to avert injury to a person or serious damage to property – applied for the shortest period of time
- Members of staff and Associated Persons should never employ physical interventions which are deemed to present an unreasonable risk to children or young people e.g. risk of injury
- Members of staff and Associated Persons shall never use physical intervention as a form of punishment
- Members of staff and Associated Persons shall never use a form of physical intervention for which they have not been trained

Any physical intervention used should be recorded as soon as possible after the incident by the member of staff and/or Associated Person and reported to Scottish Para-Football or relevant Game Leader as soon as possible. This can be done by completing the Concern Recording Form and emailing it to [Secretary@Scottishparafootball.co.uk](mailto:Secretary@Scottishparafootball.co.uk) or relevant Game Leader.

A timely debrief for members of staff and Associated Persons, the child or young person and their parents/carers should always take place following an incident where physical intervention has been used. This should include ensuring that the physical and emotional wellbeing of those involved has been addressed and ongoing support offered where necessary. Members of staff and Associated Persons, the child or young person and their parents/carers should be given an opportunity to talk about what happened in a calm and safe environment. There should also be a discussion with the child or young person and their parents/carers about the child/young person's needs and continued safe participation in the group, team or activity.

## **CELEBRATION – Photography and Filming**

Photographs, films and video clips can be used to celebrate achievements, promote activities and keep people updated. Footage can also be recorded for performance development and analysis reasons. It is important to not curb such activity and to remember that the majority of images taken are appropriate and taken in good faith.

This Practice Note sets out simple measures that must be taken to ensure the safety of children and young people in football when it comes to photography and filming. These measures are necessary to protect children and young people from those who would seek to take or manipulate photos and video footage in a way that harms children and/or young people or places them at risk of harm.

This Practice Note applies to members of staff, Associated Persons (including professional photographers contracted by Scottish Para-Football or relevant Game Leader for particular events and activities), as well as the children and young people and their parents/carer who themselves will want to take photographs or videos of games, training or football related activities.

### **Potential risks:**

- Inappropriate use, adaption or copying of images for use on websites
- Inappropriate photographs or videos being taken of children and young people
- Identification of children and/or young people when a photograph is accompanied by significant personal information
- Identification and locating of children and/or young people in inappropriate circumstances e.g. where the child or young person has been removed from their family for their own safety, or where there are restrictions on contact with one parent following a parental separation, or any other safeguarding concern away from football

Young people who have a public profile as a result of their achievements are entitled to the same protection as all other children and young people. In these circumstances common sense is required and all decisions should reflect the best interests of the child or young person and be made in partnership with the child or young person.

### **Consent Forms**

A Consent Form must be completed by the child or young person and their parents/carers before any photography or filming takes place and before any images are published online. This informs them that the child or young person may be photographed or filmed whilst participating in football and the purpose of this.

Special care must be taken in relation to vulnerable children and young people e.g. a child or young person fleeing domestic violence or a child or young person with a disability, and consideration given to whether publication or use of the photographs and/or video footage would place the child or young person at risk. If the Consent Form states that consent is **not** given to the child or young person being photographed this **must** be adhered to and practical arrangements put in place to avoid this happening. For example, the photographer should be told the child or young person's squad number and advised that they are not to be photographed or filmed. If the situation cannot be managed safely then filming and/or photography during the activity should be prohibited.

The child or young person may be taking part in a game or event that involves live streaming by the Scottish Para-Football or relevant Game Leader. Live streaming is the live visual broadcast over the internet. Live streaming must never take place in the changing rooms and should only be taken by authorised persons. The child or young person, if appropriate, and their parents/carers will be asked to provide consent.

**Before giving their consent they must be advised of the following:**

- Where the live streaming will take place e.g. Facebook, Instagram, YouTube etc.
- Who the stream will be monitored by and for what purpose
- When the live stream will go live and when it will end
- Once the stream has finished, where the footage may be published and/or stored
- How individuals can withdraw their consent, if they wish to do so

**Safe Use of Images of Children and Young People**

**Use of Images and Information**

Where consent is given for the taking and use of images the following practices will be implemented.

**General Principles:**

- ‘Action’ images should focus on the activity rather than the individual
- ‘Celebration’ images should be group images rather than individual images, where possible
- All images should reflect the positive aspect of the children and young people’s involvement in football
- All children and young people featured in images and/or videos must be appropriately dressed e.g. a minimum of shirt and shorts
- No photographing or filming will be permitted in changing areas, bathrooms or sleeping areas, including by the children or young people themselves
- All photographic / videoing equipment must be switched off prior to going into changing rooms
- Images will not be shared with external agencies unless express permission is obtained from the child or young person and their parents/carers over and above the consent form referred to above
- When using a professional photographer, all children and/or young people and their parents/carers should be aware that a professional photographer will be in attendance
- No unsupervised access or one-to-one photography or video sessions will be allowed unless this has been explicitly agreed with the child or young person and their parents/carers
- All images and accompanying information shared publicly will include only appropriate personal details

**Taking of Images**

- For promotional, marketing or social networking use of images for Scottish Para-Football or relevant Game Leader publications or online, members of staff and Associated Persons will use Scottish Para-Football or relevant Game Leader equipment or equipment used by an approved contractor
- Members of staff and/or Associated Persons who take images of players should follow this Practice Note and comply in terms of use of images, consent, retention, safe storage and confidentiality
- For both safety and safeguarding reasons children and young people and members of staff and Associated Persons should not use personal mobile phones, tablets or photographic/videoing equipment during training or at match or event activities players, their parents/carers and media representatives to be clear about appropriate arrangements and ground rules for interviews, filming and photo sessions
- Where images are taken agreement and arrangements can be in place for the child or young person and their parents/carers to be given copies but they must confirm they will not upload any of these images or videos to their own or the child or young person's social media or online platform

### **Filming as a coaching aid**

- Members of staff and Associated Persons using videoing as a legitimate coaching aid should make the child or young person and their parents/carers aware that this will be part of the coaching programme and consent for this filming should be sought through the Consent Form
- External agencies need permission from Scottish Para-Football or relevant Game Leader to take any images during the training environment
- During training members of staff and/or Associated Persons will only use Scottish Para-Football or relevant Game Leader equipment, or equipment of an approved contractor, for the purposes to taking photographs or video for player development or performance analysis. There should be no personal use of equipment, including mobile phones

### **Matches and events**

- Any photographs or videos taken by children and young people and their parents/carers should be restricted to immediate family members for private, non-commercial purposes and not put online on any personal social media or online platforms. This must be communicated to child or young person and their parents/carers
- External agencies need permission from Scottish Para-Football or relevant Game Leader to take any images during the match/event activities
- Photographers' from external agencies should be aware of the organisations expectations with regards to photography and filming and the safeguards which must be adhered to
- If competing abroad, steps will be taken to find out about the hosting Association's rules and requirements on photography and videoing at events and games and information shared to the children and/or young people and their parents/carers about what to expect

Scottish Para-Football or relevant Game Leader will take all reasonable steps to promote the safe use of photography and filming at all events and activities with which it is associated, however, Scottish Para-Football or relevant Game Leader has no power to prevent individuals photographing or filming in public places.

If there are concerns about the safety and wellbeing of children and young people, Scottish Para-Football reserves the right at all times to prohibit the use of photography or filming at any event or activity with which it is associated and in locations where Scottish Para-Football has jurisdiction.

**REMEMBER:**

It is not an offence to take appropriate photographs in a public place, even if the person has not been asked to do so. No one has the right to decide who can and cannot take images on public land.

However, anyone behaving in a way which could reasonably be viewed as inappropriate in relation to filming or photographing should be approached for an explanation. If a satisfactory explanation is not provided, the circumstances should be reported to Scottish Para-Football or the relevant Game Leader in line with the [Responding to Concerns Procedure](#).

If you have serious concerns about a possible child protection issue relating to the filming or taking of photographs then the matter should also be reported to the Police without delay. This action should be taken where you believe that someone may be acting unlawfully or putting a child or young person at risk.

**Mobile Phones – Cameras/Videos**

There have already been a number of cases where children and young people have been placed at risk as a result of the ability to discreetly record and transmit images through mobile phones. There is also scope for humiliation and embarrassment if films or images are shared on popular websites such as YouTube. The use of mobile phones in this way can be very difficult to monitor.

This Practice Note should be observed in relation to the use of mobile phones as cameras/videos. Particular care is required in areas where personal privacy is important e.g. changing rooms, bathrooms and sleeping areas. No photographs or filming should ever be permitted in such areas of personal privacy.

Members of staff and Associated Persons who become aware that inappropriate photographs or video footage has been taken in any of the above areas, whether by an adult or another child or young person, should immediately report the matter to the Scottish Para-Football or relevant Game Leader as per the [Responding to Concern Procedure](#).

**Internet and Website**

Scottish Para-Football or relevant Game Leader may post information, photographs and videos on its website which is available to all members of the public. In terms of publishing anything that includes an image or information about a child or young person, the following good practice should be followed.

**Use of images and information:**

- Information published on the websites/social networking sites must never include personal information that could identify a child or young person e.g. home address, email address, telephone number of a child or young person. All contact must be directed to Scottish Para-Football or relevant Game Leader
- Children and young people must never be portrayed in a demeaning, tasteless or a provocative manner
- Children and young people should never be portrayed in a state of partial undress
- Information about specific events or meetings e.g. coaching sessions must not be distributed to any individuals other than to those directly concerned
- Where an event or game will be streamed live appropriate consent will be sought from the young people and/or their parents/carers
- Photographs of children and young people attending games as spectators may be used by Scottish Para-Football or relevant Game Leader for commercial purposes as specified in the terms and conditions for ticket purchase

### **Storage and retention of images**

Scottish Para-Football or relevant Game Leader will ensure that all images, negatives, videos and photographs will be stored in a secure environment, whether digital or hard copy. These will not be kept for any longer than is necessary having regard to the purposes for which they were taken. Member clubs of Scottish Para-Football or the relevant Game Leader must ensure that they do the same.

Images, negatives, videos and photographs will be reviewed regularly and held in line with the Scottish Para-Football Data Retention Schedule.

## **COMMUNICATION AND SOCIAL MEDIA**

Information and communication technology (ICT) and social media are developing and advancing extremely quickly, meaning the way in which we communicate and receive and absorb information is changing all the time. These advancements provide significant benefits for organisations, including opportunities to promote activities and communicate easily with children and young people, their parents/carers and the wider community through various channels e.g. text, email and social media. It allows people to connect to the world instantly and it enables organisations to disseminate information widely at a low to no cost and provide a platform to celebrate success.

In addition to the benefits there is also potential for misuse and it is the misuse of communication technology and social media that can put children and young people at considerable risk. Therefore, safeguards around its use must be put in place.

### **Risks associated with ICT and Social Media**

For children and young people

- Access to inappropriate websites or inappropriate content
- Inappropriate access to, use or sharing of personal details e.g. names, email address, school
- Unwanted contact from adults or other children or young people with wrongful or questionable intent
- Receiving, sending or sharing inappropriate or offensive images, material and/or comments
- Online bullying
- Grooming for sexual abuse
- Direct contact and abuse
- A distorted view between the “real world” and the “online world”

For adults

- Their communication with children and young people being misinterpreted
- Bullying
- Young People/Adults attempting to contact them or access personal information

Scottish Para-Football or relevant Game Leader may contact children and young people and their parents or carers via text or email, or possibly through social networking sites, depending on the football activity that each child or young person is involved in with Scottish Para-Football or relevant Game Leader.

This Practice Note is for members of staff and Associated Persons who use any of these methods to communicate with children and young people

### **General Principles**

#### **DO**

- Communicate in an open and transparent manner
- Only send communication via text, email or social media if it is necessary and relates to the activity the child or young person is involved in

- Get signed consent from parents/carers before using any of these methods of communication with children or young people. Explain to the parents/carers the purpose for the communication and the method by which communication will be sent to the children and/or young people
- Get signed consent from the young person, if they are aged 13 or over, about the agreed methods of communication, depending on the young person's maturity and ability to consent
- Members of staff and/or Associated Persons should communicate information regarding programmes, events, training and matches through the agreed method of communication and:
  - copy in another designated member of staff or Associated Person to the communication
  - copy in the child and young person's parents/carer, if possible
  - only use group texts or emails, if possible
- For 'private' group chats on social media, make sure that there is more than one member of staff and/or Associated Person part of the group chat
- Remove and report any offensive comments or messages immediately to the Wellbeing and Protection Department and to the social media site, if appropriate
- Keep all phone numbers and/or email addresses of children and young people in a secure and confidential place
- Keep access to personal mobile numbers and email addresses of the children and young people to a practical minimum with only relevant members of staff and/or Associated Persons having access to this information and only when necessary to enable them to fulfil their role
- Report to Scottish Para-Football or relevant Game Leader any instances where you receive any inappropriate communications from a child and/or a young person. Do not reply. Scottish Para-Football or relevant Game Leader will agree what action it will take e.g. notifying parents and any other appropriate individuals or agencies

#### **DON'T**

- Contact or correspond privately with a child or young person on a 1:1 basis unless in exceptional circumstances. If it is necessary to communicate directly, this should only be in connection with the football activity and must never be sent from a personal device
- Use language that is directly (or could be misinterpreted as being) racist, homophobic, sexist, derogatory, threatening, abusive or sexualised in tone
- Send any messages which contain inappropriate, abusive or offensive material or that are open to misinterpretation
- Use text or emails for personal conversation, sending pictures, jokes or other items of a personal nature
- Respond to emails from children and/or young people other than those directly related to club matters

#### **Social Media and Internet Forums**

##### **REMEMBER:**

**There is no such thing as privacy online.**

**Consider 3 key questions before posting anything online:**

1. **Would you say this in front of your family members?**
2. **Would you say this in front of the youngest child at your club?**
3. **Would you say this to a journalist at a press conference or in front of your coach or manager?**

**If the answer is no to any of the above then do not post it on social media!**

For further information on publishing photographs or videos of children and young people on Social media see the Safe Use of Images section in the [Practice Note – Celebration](#).

## **Social Media and Internet Forums**

### ***What we expect of members of staff and associated persons***

#### **DO**

- Get signed consent from parents/carers and/or the young person to allow mutual interaction with the organisation profile e.g. Facebook page or Twitter account
- Set up a closed (i.e. private) group chat between the team and ensure that the correct people are part of the group e.g. parents and/or another member of staff or Associated Person to ensure impartiality and monitoring. If setting up a closed group chat consideration must be given to the minimum age requirements for that particular social media site
- Make parents/carers aware of the profiles existence and the site the child or young person will be accessing and the restrictions of use for this preferred site
- Have an official agreement in place which states that access to members' profiles are used only to pass on relevant information or to answer questions regarding Scottish Para-Football or football issues
- Members of staff and Associated Persons should review the privacy settings on their own social media profiles and consider whether it is appropriate for children and young people to be able to view their profiles easily
- Monitor any organisational social media Protection department in line with the Responding to Concerns Procedure
- Block and report anyone who is sending abusive or inappropriate messages. **DO NOT** respond to the post accounts and remove any abusive or offensive content and report the matter to the Scottish Para-Football or relevant Game Leader and police, if a criminal matter
- Report any disclosure of abuse or bullying through social media to Scottish Para-Football or relevant Game Leader

#### **DON'T**

- Become friends, follow or tag children and young people for whom they are in a position of authority or trust via their own social media account
- Give out their password, pin or login details either face to face or online and make sure they sign out of their social media if logged in on a shared devices
- Communicate with children via personal accounts or private messages. If a child or young person contacts them directly they should discourage the child or young person having conversations away from the group chats
- Communicate with children via social media about personal matters
- Contact children and young people who play for other clubs or National Associations through social media as a means of attracting them to or signing them at a particular club or for the Scottish Para-Football or relevant Game Leader

- Become involved in any debates concerning selection, performance or personalities – even where the subject of the discussion is anonymous

There has been an increase in the use and abuse of internet forums to target individuals or to engage contributors in debates which can cause upset and embarrassment to children and young people. Sites should be well monitored and any offending comments removed and reported to the relevant site and Scottish Para-Football or relevant Game Leader, where appropriate.

### **Reporting Concerns**

Any inappropriate or offensive or abusive texts or emails or use of social media must be reported to Scottish Para-Football or relevant Game Leader and will be dealt with in line with the Responding to Concerns Procedure.

Any offensive or abusive comments posted on social media or within a shared group chat must be removed immediately. Group administrators must familiarise themselves with how to do this when the Group is set up.

## HEALTH

During football there are times when children and young people may sustain an injury which requires treatment. This Practice Note looks at best practice in first aid and the treatment of injuries in these circumstances and covers situations where a child or young person has a pre-existing medical condition.

### Consent Forms

Parents or carers and the young person, if they are aged 13 and over, must complete the Consent Form before participating in any football activity. This ensures that members of staff and Associated Persons running an event or activity are aware of any pre-existing medical conditions, any medication taken by the participants or existing injuries and treatment required.

For children and young people who play football this form should be completed at the start of every season and will be retained by the clubs for the season. Young people and their parents or carers must update the form should anything change during the season.

For children and young people who are involved in a specific event or activity, a consent form should be completed in advance of the event or activity.

### First Aid and the Treatment of Injuries

#### ***All members of staff and/or associated persons must ensure:***

- There is an accessible and well-resourced first aid kit at the venue, which is regularly checked to ensure that it contains appropriate stock
- Only those with a current, recognised First Aid qualification treat injuries. In more serious cases assistance should be obtained from a medically qualified professional, as soon as possible
- They are aware of any pre-existing medical conditions, relevant medication taken by participants or existing injuries and treatment required
- Where possible, access to medical advice and/or assistance is available
- A child or young person's parents/carers are informed of any injury and any action taken as soon as possible
- Treatment should be administered in an open environment, when possible, avoiding private or unobserved situations. Where a private room is needed for the treatment to preserve the child or young person's dignity their parent or carer or another appropriate adult must be present
- If a child or young person needs to be transferred to the hospital and their parents or carers are not in attendance a member of staff or Associated Person must travel with them to supervise them and contact the parents/carers immediately
- If a child or young person sustains a significant injury the incident must be recorded as a concern and reported to Scottish Para-Football or relevant Game Leader along with the details of any treatment given. Common sense should be applied when determining which injuries are significant
- Physio treatment should only be administered by a qualified and registered physiotherapist. If continued treatment is required, the child or young person's parent/carer or another appropriate adult must be present

- The circumstances in which any accidents occur are reviewed to avoid future repetitions as far as possible

### **Children with Allergies and Pre-existing Medical Conditions**

Football is an inclusive game and Scottish Para-Football seeks to provide opportunities to children and young people of all abilities regardless of any medical conditions, disabilities or allergies they may have. It is important that children and young people with medical conditions or allergies are not unnecessarily excluded from taking part in activities with their peers and that reasonable steps are taken to accommodate their individual needs.

This Practice Note highlights how the Scottish Para-Football expects its members of staff and Associated Persons to respond to children or young people with allergies or pre-existing medical conditions in order to safeguard and protect the child or young person's wellbeing whilst attending their football activity. It also sets out the responsibilities of the child or young person's parents/carer in alerting members of the staff and Associated Persons of any pre-existing medical conditions or allergies. Parents and carers should be informed that they are required to provide this information, where appropriate.

### **Parent/Carer Responsibility**

**When a child or young person with an allergy or pre-existing medical condition joins a football activity, parents and carers should:**

- Ensure they complete the Consent Form accurately and also take the time to talk to the member of staff or Associated Person about the specific needs of their child and how to address and accommodate these needs
- Update the member of staff or volunteer of any change in circumstances
- Consider a medic alert bracelet/watch for their child
- Check the expiry date of adrenaline injectors and any medication regularly. An out-of-date injector may offer some protection, but this will be limited
- If their child has a 'rescue pack' this is given to the member of staff or Associated Person along with instructions on how it should be used

### **Clubs Responsibility**

**Members of staff and Associated Persons should:**

- Ensure Consent Forms for all children and young people attending the football activity are available and up to date together with full details of the child's allergies
- Ensure that the Consent Forms are stored in a confidential but accessible way so that appropriate members of staff and Associated Persons who need the information to fulfil their role can access the information
- Have a copy of the child or young person's care plan for allergies and individual risk assessment
- Communicate with the child or young person and their parent/carer directly, when necessary
- Appropriately share the information with others involved in the football activity – ask yourself 'do the right people know so they can respond if necessary?'
- Ensure correct storage of medication by following the appropriate instructions

- Be familiar with the nearest medical facilities in the event it is required
- Medication should only be administered by the child or young person or their parent or carer unless it is an emergency. In such circumstances the medication should be administered in line with the parent/carer's instructions or from a medical professional. For trips away from home consideration should be given to the child's parent or carer accompanying the trip in circumstances where the child or young person cannot administer the medication themselves
- Have their mobile phones charged and check they have a signal to allow calls to be made
- Plan for additional supervision e.g. depending on child or young person's medical condition/s and environment
- Record incident or concern and report them to a member of the Wellbeing and Protection Department

## PLANNING AND ORGANISATION

Planning and organising is a vital part of the delivery of Scottish Para-Football or relevant Game Leader activities for children and young people and is essential to ensure the safety and wellbeing of all taking part.

### Adult to Child Ratios

All activities should be planned to involve at least two adults. For teams that include both girls and boys it is recommended that there is at least one male adult and one female adult present. For each activity a risk assessment should be completed and, based on that risk assessment, a decision made as to how many adults are necessary to safely supervise the activity. With a minimum of at least two adults present, the following ratios are recommended<sup>5</sup> as a general guide

AGE	RATIO
2 – 3 years old	1:5
3 – 7 years old	1:8
All children are aged 8 years old and over	1:10

Please note this may differ dependant on the Para-Football discipline and player requirements

Other factors will also be taken into consideration in deciding how many adults are required to safely supervise the activity or event.

#### **This list is not exhaustive but it may include:**

- The nature of the activity e.g. is it a training session, a match, an event and does it include a trip away or overnight stay?
- The number of children or young people involved in the football activity
- The age, maturity and experience of the children and/or young people involved
- Whether any of the members of staff, Associated Persons or children or young people have a learning or physical disability or special requirements
- Whether any of the children or young people have challenging behaviour
- The particular risks associated with the football activity or event
- The particular risks associated with the environment
- The level of qualification and experience of the members of staff and Associated Persons
- The programme of activities

### Risk Assessments

A key part of planning an activity or event is considering any risks associated with the activity or event and how these risks can be minimised and managed.

For further information on risk assessments see [Practice Note – Prevention Planning](#).

---

<sup>5</sup> The ratios are recommended in the National Care Standards: Early Education and Childcare up to the age of 16 (Scottish Executive, 2005, revised September 2009). They are a relevant minimum for daytime activities, but should be modified for overnight stays, trips away from home and to take into account other risk factors.

### **Collection by Parents/Carers**

There may be occasions when a parent or carer is late to pick up their child at the end of a football activity. It is not the responsibility of the clubs to transport children or young people home on behalf of their parents or carers who have been delayed however, Scottish Para-Football and the relevant Game Leader does continue to have a duty of care to the child or young person in the absence of their parent or carer

#### **Scottish Para-Football members of staff and Associated Persons will:**

1. Make sure that the Clubs communications are:
  - Clear about starting and finishing times of the football activity.
  - Clear about the expectations of parents/carers not to drop off children too early and to collect children promptly when the football activity finishes.
2. Ensure that there is more than one member of staff and/or Associated Person at the end of the football activity to supervise collections.
3. Ensure that in emergency situations, the members of staff and/or Associated Persons know how to deal with being left alone with a child or young person. This will be done by putting preventative measures in place and agreeing simple steps about how the situation should be dealt with if this arises.

As a general rule members of staff should not be in a position where they are alone with a child or young person, however there are exceptions and an emergency situation is such an example. For example, if there is an emergency situation which requires an adult to respond this may result in the other adult being left alone a child or young person.

#### **REMEMBER**

**The wellbeing and best interests of the child or young person is paramount and must take precedence, so leaving children or young people alone is not an option.**

4. Ensure they have access, as appropriate, to the child or young person's address, contact telephone number and an alternative phone number for another responsible adult, provided by the parent/carers. The consent form completed prior to the activity or completed at the start of the season must include an emergency contact and a late collection contact number.
5. It may be appropriate for a young person to travel unaccompanied to and from the activity or event e.g. if the activity is for young people who are an appropriate age and ability to travel independently. If it would be appropriate for a young person to make their way to and from the activity or event alone, consent must first be sought from the young person themselves and their parents/carers. This can either be done through the Consent Form signed annually or verbal consent.

A child or young person should never be allowed to travel home alone unless the express consent of the parent/carers has been given in advance or is obtained by telephone. Even with this consent, a

common sense approach should be taken about whether it is safe for them to do so in the circumstances e.g. the distance, location, time of day and weather will all be relevant factors.

6. Never transport a child or young person alone on a 1 to 1 basis, unless necessary due to an emergency situation. In such circumstances the child or young person should be transported in line with the requirements set out in [Practice Note – Travel and Trips Away on ‘Transporting Children’](#).

7. In the rare situation when a member of staff or Associated Person is left alone with a child or young person, transparency is the key:

- Keep a record of your actions; and
- The child’s parents/carers as soon as possible.

8. When all else fails and a child or young person has not been collected and there is no sign of them being so, and it would not be appropriate to or you are unable to transport the child or young person, call the police.

9. Any concerns about the child or young person or their parents or carers which arise during collection should be responded to in line with the [Responding to Concerns Procedure](#). If there is a concern about the immediate safety of a child or young person, or others, you must take all reasonable steps to ensure their safety and contact the police.

#### **REMEMBER**

**While running the football activity members of staff and Associated Person have a duty of care to the children and young people that are in their charge. When the football activity has finished the duty of care continues in the absence of a parent/carer or other responsible adult.**

#### **Safe Use of Changing Facilities**

One of the areas where children and young people are particularly vulnerable at football is the changing room. Limited changing facilities sometimes mean that people of all ages regularly need to change and shower during the same period.

To avoid possible misunderstandings and embarrassing situations, adults need to exercise particular care when children or young people are changing and provide enough supervision to recognise if there are any issues between the children and young people while they are using the changing room e.g. bullying behaviour.

**To ensure the wellbeing of all children and young people while they are using the changing rooms the following strategies should be follows:**

- Adults should not change or shower at the same time as children and young people
- If space is limited, identify a period of time which is solely for children and young people or adults to use the changing facilities and a sign placed on the door to make people aware of the restricted use
- If a child or young person is uncomfortable changing or showering in public, no pressure should be placed on them to do so
- Children aged 10 and under must be supervised/monitored in the changing rooms – see below for further information

- Where no changing facilities are available the children and/or young people and their parents/carers should be notified in advance and advised to make alternative arrangements and to take appropriate additional clothing e.g. tracksuits
- The use of mobile phones and photographic equipment is prohibited within areas where children and/or young people are changing or showering - see [Practice Note – Celebration](#) for further information
- If a child or young person requires assistance when changing due to their age or ability, this should be done by the child or young person’s parent or carer. If this is not possible, the child or young person, where possible, and their parents/carers should be involved in deciding how they should be assisted – see [Practice Note – Health](#) for further information
- While some activities may be restricted to changing rooms, if at all possible, another area should be considered for activity such as team talks etc. If there are no other options, staff and Associated Persons must wait until all children and young people are fully dressed

#### **Chaperoning/Supervising changing facilities**

- Members of staff and Associated Persons must always work in pairs and not be alone in these circumstances
- Extra vigilance may be required if there is public access to the facility
- Depending on the needs and age of the children or young people, supervision of the changing rooms can be done from outside the door with a call in or entering briefly and walking through
- Only those members of staff and/or Associated Persons who are in regulated work and appointed in accordance with the [Appointment and Selection Procedure](#) for those in regulated work should enter the changing room when children and/or young people are present, unless there is an emergency situation that requires assistance

**In an emergency, if a member of staff or Associated Person is required to enter the changing area they should be accompanied by another adult. If they have to go into a single gender changing room e.g. a male has to enter a female changing area, or vice versa, another adult of the opposite gender should accompany them.**

## **PREVENTION PLANNING**

Prevention planning is considering all the risks associated with running football related activities and planning and managing the risks by putting in preventative measures to minimise them. Prevention planning may take the form of various assessments but for day to day activities or one off events this will involve conducting a risk assessment as part of planning and organising the activity or event.

Members of staff and Associated Persons who provide football activities for children and young people have a duty to undertake a risk assessment of the environment in which they are operating, the activity itself and the group to ensure that the group's requirements are met. Potential areas of risk should be identified at the planning stage and should be recorded in writing. Safeguards should then be put in place to manage the risks identified. Depending on the nature of the event, activity or trip the risk assessment may be an ongoing process as unexpected situations can arise.

### **What is a risk assessment?**

A risk assessment is an important step to ensure the safe delivery and involvement of everyone participating in football activities, in any capacity e.g. as a player, a coach, a spectator, a referee, a volunteer etc. Completing a risk assessment allows those running day to day football activities or a specific event or activity to focus on the risks that really matter – the ones with the potential to cause significant harm.

A risk assessment is simply a careful examination of what could cause harm to other people so that the risks are identified and an informed decision be made as to whether enough precautions have been taken or more should be done to prevent harm.

### **Why is a risk assessment necessary?**

The Child Wellbeing and Protection Policy Statement declares that Scottish Para-Football or relevant Game Leader will act in the best interests of children and young people and promote children's rights, including the right to be protected from harm and abuse. To do this effectively, those working with children and young people must first be aware of the areas of risk and be able to adequately assess these risks.

### **By doing this members of staff and Associated Persons will be:**

- making sure children and young people are safe
- protecting members of staff and Associated Persons
- making sure that Scottish Para-Football, Game Leader or Club complies with legislation
- reducing or removing liability
- giving the sport a good reputation

### **What does the law state?**

The United Nations Convention on the Rights of the Child (UNCRC) states that all children have the right to be protected from harm, abuse and exploitation at all times. Section 5 of the Children

(Scotland) Act 1995 states that if you are 16 or over and have children in your care or control then you must do what is reasonable in all circumstances to safeguard their health, development and welfare.

### Carrying out a risk assessment

#### Step 1 – Identify potential risks

Think about who or what might cause harm to children and/or young people taking part in the activity or event.

**In preparation for an activity members of staff and Associated Persons must consider the following:**

- What is the nature of the activity?
- Where will the activity be carried out?
- What are the potential risks?
- Who may be at risk?
- Will the group be mixed?
- What will the age range be?
- Are there special needs within the group?
- How do you control the risk?
- What actions need to be carried out to do this?
- What are the experience and qualification levels of the coaches and/or volunteers?
- Is a First aider present? A qualified First Aider with a First Aid kit must be present for all activities
- How will children be supervised? Children should be properly supervised at all times, always with a satisfactory ratio of adults to children

#### Step 2 – Identify who might be harmed and how

When identifying who might be harmed and how try to be specific. For example, during the game a child may be injured by an opponent's tackle. In this example, the possibility of an injury has been identified as a potential risk and this step allows for further consideration as to how this risk can be reduced and responded to in the event it does arise.

#### Step 3 – Evaluate the risks and decide on precautions

Evaluating risks includes considering how likely it is that harm could occur and how serious would it be. This is often described as 'rating' risk. Risk should be evaluated for likelihood and impact and a risk rating given for each. An example of rating is:

<b>High:</b>	could occur quite easily	<b>High:</b>	could cause significant harm
<b>Medium:</b>	could occur sometimes	<b>Medium:</b>	could cause moderate harm
<b>Low:</b>	unlikely, although conceivable	<b>Low:</b>	could cause minimal harm

In the example above of the young person being injured by an opponent tackle the evaluation may be High/Low to Medium. This would show that the risk 'could occur quite easily' but would cause minimal to moderate harm.

Once the risk has been evaluated a decision can be made on what action should be taken. It is up to the member of staff and/or Associated Person as to what action should be taken and this will include understanding that the law expects Scottish Para-Football to do what is reasonable in all the circumstances.

For each risk assessment a risk owner should be assigned. The risk owner will assess what current controls are in place to reduce the risk, what future actions must be done to reduce the risk and what else they need to do about the risk.

The risk owner should consider the following:

1. Can we eliminate the risk altogether?
2. If yes, what do we need to achieve this?
3. If no, what can we do that will allow us to manage the risk so that it becomes an acceptable level of risk?
4. Who will manage this risk?

If the assessment of risk is that there is a high likelihood of occurring and a risk of significant harm and safeguards cannot be put in place to reduce the likelihood or harm then the activity should not go ahead.

#### Step 4 – Record your finding and act on them

It is helpful to record the result of your risk assessment. The benefits of recording are:

- It shows everyone involved that you take this seriously and that you value their involvement; and
- It will be helpful in the future when you look back to review what action is identified.

Keep it simple. If there are a number of actions required, tackle the important ones or those which are rated 'high' first. Agree timescales for addressing the other actions and who will be responsible.

#### Step 5 – Monitor and review

After the event/activity/trip review how it went:

- Were the controls effective?
- Were the actions effective?
- What can we learn?

Ask the children and young people who took part in the activity or event, their parents and carers and the member of staff and Associated Persons who were involved as to what would be realistic and work in practice for future activities and events. Where appropriate, children and young people

should also be consulted at the planning stage as they may be able to highlight risks which have not been considered by the adults involved.

**RISK ASSESSMENT TEMPLATE – ACTIVITY LEVEL**

<p><b>What contact will you have with children / young people through this activity / event / project?</b></p>	<p><b>What potential risks to children / young people can you identify?</b></p>	<p><b>What steps will you take to mitigate these risks?</b></p>	<p><b>Who is responsible for ensuring this action is taken?</b></p>	<p><b>Please confirm date when action is complete?</b></p>
<ul style="list-style-type: none"> <li>• Will the contact be face to face and/or online/digital</li> <li>• What activities will children be involved in?</li> <li>• Will the children be photographed, filmed or asked to share their stories?</li> <li>• Will parents/carers be present or are staff/volunteers acting in loco-parentis?</li> </ul>	<ul style="list-style-type: none"> <li>• Are there any risks inherent in these activities?</li> <li>• Who will be present?</li> <li>• Will these people be Scottish Para-Football , or Game Leader staff or Associated Persons?</li> <li>• What will the environment be like?</li> <li>• What physical, emotional issues may arise?</li> </ul>	<ul style="list-style-type: none"> <li>• What have/will you include in your safeguarding planning?</li> <li>• Who is your designated Safeguarding contact for this activity?</li> <li>• What support will be available for the children present?</li> <li>• How will concerns be managed should they arise?</li> <li>• What safeguarding information will everyone involved receive at the start of the activity?</li> </ul>

## **RELATIONSHIPS**

Developing good relationships leads to positive behaviour on and off the pitch. Positive relationships are essential for creating the right environment. Unfortunately, there may be occasions where inappropriate relationships with children and young people are formed through football.

Within Scottish Para-Football or relevant Game Leader all members of staff and Associated Persons are expected to be proactive in promoting positive relationships with all children and young people involved in football. This Practice Note sets out how members of staff and Associated Persons can develop positive relationships, it includes information about 'positions of trust', and it highlights behaviour which is inappropriate and the response that should be taken by anyone involved in football if they have any concerns.

### **Positive Relationships**

Positive relationships are essential for creating an environment of inclusivity and fun. They lead to effective learning and create a place where children and young people feel able to share any worries or concerns. Where children and young people feel included, respected, safe and secure they are more likely to develop self-confidence, resilience and positive views of themselves.

How to develop positive relationships with the children and young people

#### **DO**

- Have fun and help children and young people get the most out their football experience
- Support the children and young people to understand their rights in football
- Treat them with respect, dignity, sensitivity and fairness
- Listen to what they have to say and, when possible, include them in decisions on matters that affect them
- Set clear boundaries so they know what to expect from you and what you expect from them
- Celebrate the success but put the interests of each child before winning
- Encourage them to be the best version of themselves and to recognise their strengths and weaknesses
- Give enthusiastic and constructive feedback
- Challenge inappropriate behaviour e.g. bullying behaviour, swearing or sexualised language
- Involve their parents and carers, wherever possible

#### **DON'T**

- Have favourites' – this could lead to resentment and jealousy by other children and could be misinterpreted by others
- Spend excessive amounts of time alone with children and young people away from others
- Make sexually suggestive comments to a child or young person, even in fun
- Form intimate emotional, physical or sexual relationships with children and young people
- Have a child or young person to stay at your home where this is not part of a pre-existing family relationship or social relationship with other members of your family

## Position of Trust

In football, as in many sports, children and young people look up to the adults involved in the game and those in leadership roles. They see these individuals as idols, role models and sometimes the people who can help them achieve their goal of becoming an elite footballer, whether this is real or perceived.

A position of trust is any position of authority that requires the holder of the position to enjoy the trust of a person over whom they exercise this authority and can also be known as a 'relationship of trust'. In the context of this Practice Note, people who hold positions of trust are generally adults but will also apply to young people who are aged under 18 and have taken on leadership roles.

**The power and influence a member of staff and/or Associated Person has over a child or young person, who they are coaching or looking after in football, cannot be underestimated. Therefore, members of staff and Associated Persons will be considered to be in a position of trust by Scottish Para-Football or relevant Game Leader.**

If there is an additional competitive aspect to the activity and the person in the position of authority could be seen as having a role in the child or young person's success or failure, for example, through team selection, then the dependency the younger person has upon the person in a position of authority will be increased. It is therefore vital for everyone to recognise the responsibility they have and ensure that they do not abuse their position of trust.

Current sexual offences legislation classifies any sexual activity involving children under 16 years old as unlawful. The Sexual Offences (Scotland) Act 2009 defines specific roles and settings where sexual activity between 16 or 17 year olds and those in a position of trust, responsibility, or authority, constitutes a criminal offence. The legislation does not currently include sports roles (e.g. coaches, instructors or helpers) or sports organisation settings (e.g. clubs, leisure facilities or events) within these definitions. Nonetheless Scottish Para-Football or relevant Game Leader recognises the influence that a member of staff and/or Associated Person has over children and young people, and that by virtue of their role they have the capacity to influence their personal, social and sporting development.

Genuine relationships do occur, however, no intimate relationship should begin whilst the member of staff or Associated Person is in a position of trust with the young person, regardless of whether they are both over the legal age of consent.

Any concerns that a member of staff and/or Associated Person is or has abused their position of trust **must** be reported to Scottish Para-Football or relevant Game Leader

## Peer on Peer Abuse

Football is a great place to make new friends and increase your social circle. Through a common interest in football friendships will form and relationships will develop between the children and young people. This may include intimate emotional relationships between children and young people. Often no harm comes from them, indeed they can be positive relationships. However, children and young people who suffer abuse can do so at the hands of other children and young people. Peer on peer abuse may include physical, emotional and/or sexual abuse. Scottish Para-

Football or relevant Game Leader takes harmful behaviour by children and young people towards other children and young people seriously. Any concerns about such conduct must be reported to Scottish Para-Football or relevant Game Leader and, if appropriate, reported to the police and local statutory services

‘Positions of trust’ also apply to children and young people who have taken on a leadership role within football. If there is a concern that a young person has abused their position of trust, or acted inappropriately towards another young person, this will be responded to in line with the [Responding to Concerns Procedure](#).

### **Grooming**

The vast majority of adults involved in Scottish Para-Football activities with children and young people participate with the aim of providing a fun and positive experience for those with whom they work. However, Scottish Para-Football recognises that some people (though a minority) may use football as a way of gaining access to children and young people for inappropriate reasons, including sexual abuse. In order to gain access to children and young people, those who commit offences often first earn the trust of people surrounding the child or young person. This may include representatives of the child or young person, members of Scottish Para-Football, clubs, coaches and volunteers, parents and carers and other children or young people. This process is referred to as ‘grooming’. This predatory behaviour is an offence and may be prosecuted separately to direct sexual abuse. Those who commit offences often portray themselves as caring and trustworthy individuals so they are freely entrusted with the care of children or young people. Once they have gained access to children or young people, they befriend them in order to break down any pre-existing barriers. As soon as a trusting friendship has been established, they manipulate and control children or young person into gratifying their sexual needs. It is important to recognise that this can occur over a very short or a very long period of time, depending on the individual and the role they have. For example, if a person is perceived by the child or young person as being able to influence their sporting career then the process can be very short indeed.

Some children or young people who have been sexually abused may not consider that they have been abused as a result of grooming and instead may think that they are in a ‘loving’ relationship with the adult. It is important to understand that grooming is part of the abuse and is a criminal offence. ***The Protection of Children and Prevention of Sexual Offences (Scotland) Act 2005*** addresses the predatory behaviour of those who “groom” children with the aim of abusing them by introducing an offence of “grooming”. Any member of staff or Associated Person must report any suspicions or allegations of grooming to the Wellbeing and Protection Department in line with the [Responding to Concerns Procedure](#)

### **Opportunistic and Situational Behaviour**

Not all people who abuse children and young people are predatory or go into a role with the intention of abusing children or young people. In some circumstances, the adult may take advantage of the opportunity through misuse of their position of trust and a lack of clear boundaries (“opportunistic behaviour”). Others may be in a situation where through working with a child or young person they start to feel an attraction (“situational behaviour”). For those whose behaviour is opportunistic or situational, they may have never previously considered abusing a child or young person or had a sexual attraction to children or young people and may be just as confused about

their own behaviour, thoughts and feelings. This does not mean that their behaviour is any less concerning or abusive. The wellbeing and safety of the child or young person must always be the paramount consideration and all actions should be taken in their best interests. Any concerns of such behaviour must be responded to under the Responding to Concerns Procedure and reported to the police, if possible criminal behaviour. In circumstances of opportunistic or situational behaviour the Appointment and Selection Procedure becomes less effective as a preventative measure and prevention planning becomes necessary as part of an on-going assessment to the safety of all children and young people involved in the activity or event.

### **Sexual Activity**

Within football, as within other activities, sexual relationships do occur. It is important to address sexual activity both between young people and between adults and children.

**Sexual activity between children and/or young people involved in football** is prohibited during team events, in facilities and social activities organised by Scottish Para-Football or relevant Game Leader. Inappropriate or criminal sexual behaviour committed by a child or young person may lead to the information being shared with the child's Named Person, if applicable, and may lead to reports being made to external agencies, such as the police or social services. Sexual activity between children and young people is unlawful if one or both are aged under 16.

**Sexual interactions between adults and young people (aged 16 and over) involved in football**, while not illegal raise serious issues given the power imbalance inherent in the relationship. Where a young person is of the age of consent, the power the adult has over that young person may influence their ability to genuinely consent to sexual activity. Members of staff and/or Associated Persons in a position of authority may have significant power or influence over a young person's career. **Sexual activity between adults and young people (aged 16 and over) involved in football is prohibited when the adult is considered to be in a position of trust or authority (e.g. coach, official etc).** Inappropriate or criminal sexual behaviour committed by an adult will lead to suspension and disciplinary action in accordance with Scottish Para-Football Disciplinary Procedures, which in the case of criminal behaviour must include contacting the police.

**Sexual activity between adults and children or young people under the age of 16** is a criminal act and should be immediately reported to Scottish Para-Football or relevant Game Leader and the police.

## **TRAVEL AND TRIPS AWAY**

Travel to away games and trips away from home should be both safe and fun for children and young people. It should be a chance for all children and young people to grow in confidence, self-esteem and skills. Parents and carers will often worry when their children are away but careful planning and preparation should help to ease those worries and demonstrate that consideration has been given to the various needs of their children and the potential risks associated with trips away.

This Practice Note sets out what is expected of members of staff and Associated Persons when travelling with children and young people as part of the football activities and should be read in conjunction with the Practice Note on [Planning and Organisation](#)

### **Transportation of Children and Young People**

Where it is necessary to transport children and/or young people it is important to consider the risks associated. The following provides information about the responsibilities of both the child's parents or carers and Scottish Para-Football or relevant Game Leader and sets out what is required when transporting children and young people.

#### **Responsibility of Parents/Carers**

- Parents/carers must complete the Consent Form declaring that they consent to their child being transported by persons representing Scottish Para-Football or relevant Game Leader
- Parents/carers should inform those travelling with their child of any issues their child may have e.g. travel sickness
- Ask appropriate questions about journey time, route etc.
- Make sure they are clear about the departure times and arrival time
- Make sure an appropriate adult is present when the child or young person is collected and dropped off

**NOTE:** Where parents/carers make arrangements for the transportation of their children to and from the activity, out with the knowledge of Scottish Para-Football or relevant Game Leader, it will be the responsibility of the parents/carers to satisfy themselves about the appropriateness and safety of the arrangements

#### **Responsibility of Clubs**

- Check the driver(s) has a valid and appropriate licence for the vehicle being used e.g. D1 classification for driving minibuses
- Ensure that all vehicles and drivers are correctly insured for the purpose of the trip
- Ensure that all vehicles are fit for purpose and have relevant breakdown cover
- Check that all reasonable safety measures are available e.g. fitted working seatbelts, booster seats, if appropriate
- Require children and/or young people to wear seatbelts at all times and travel in the back seat for health and safety reasons
- Make sure there is an appropriate ratio of adults per child. For further information on Adult to Child ratios see Practice Note – Planning and Organisation

- Require drivers to have adequate breaks when driving long distance. Further information on the legal requirement on drivers in relation to appropriate breaks can be found at <https://www.gov.uk/drivershours/gb-domestic-rules>
- Make sure there are signed consent forms for all children and young people who are being transported
- Inform parents/carers that the club will be transporting their child, the reasons why and how long the journey will take
- Tell the children and/ young people about the travel arrangements to make sure they are comfortable with the plans
- Agree a collection policy with parents/carers which includes a clear and shared understanding of arrangements for collection at the end of a football activity
- Have a point of contact and a working mobile phone in case of break down or any other issues enroute
- When the transportation is not pre-planned, call ahead to inform the child's parents/carers that you are giving them a lift and inform them of when you expect to arrive

## **DON'T**

Travel alone with a child or young person. Staff should travel in pairs or, in exceptional circumstances, with more than one child in the car. If you require to transport a child due to an emergency situation, and it is not possible for another adult to travel with you, tell another member of staff or Associated Person that you are transporting a child or young person, give details of the route and the anticipated length of the journey

### **Trips away from home (including overnight stays)**

Travelling to away fixtures, tournaments and residential stays are regular activities which may require detailed arrangements including overnight stays. Even what may appear as the most straightforward trip will require some level of planning and coordination by the members of staff and/or Associated Persons involved to make sure that it is a safe and enjoyable experience.

The following information outlines a number of issues that members of staff and Associated Persons must take into consideration when travelling with children and young people. This guidance applies to all away trips, including trips that involve overnight stays and travelling abroad.

### **Planning and preparation**

Who should travel with the team?

- All trips away must be planned to involve at least two adults. For further information on appropriate Adult to Child ratios see Practice Note – [Planning and Organisation](#)
- Members of staff and/or Associated Persons travelling on the trip who have responsibility for the children and young people or who are in regulated work must be selected in accordance with the [Appointment and Selection Procedure](#)
- A Safeguarding Officer should be designated for the trip and that person(s) must have undertaken appropriate training
- There should be a qualified first aider as part of the group with access to a full and up to date first aid box

- Make sure the appropriate members of staff or Associated Persons have been selected for the trip e.g. if travelling with a male group of players, there should always be a male member of staff and vice versa

### **Designated Safeguarding Officer for the trip**

During the trip members of staff and/or Associated Persons will be responsible for the safety and wellbeing of the children and/or young people in their care. It is essential that a member of staff or Associated Person is designated as Safeguarding Officer (SO) to coordinate the arrangements to promote, support and safeguard the wellbeing of the children and/or young people during the trip. The SO will ensure all practical arrangements have been addressed and act as the main contact for dealing with any concerns about the safety and wellbeing of the children and/or young people whilst away from home. A detailed itinerary will be prepared and copies provided parents/carers and must include the SO's contact details during the trip.

In the event of an emergency at home during the trip, parents/carers should be encouraged to make contact with the SO in the first instance so that arrangements can be put in to place to support the child on hearing any distressing news.

### **How to involve the parent/carers and children and young people in the preparation and planning:**

- For trips involving overnight stays, meet with parents/carers before any trip, when possible, to explain the arrangements, itinerary and important contact details and address any concerns or questions
- Parents/carers must complete the Consent Form in advance of the trip. If appropriate, the young people should also complete the Consent Form
- Give the children and young people and their parents/carers an information pack which includes: dates, what you are doing, where you are going, rules, kit list, recommended pocket money, medical care needs etc.
- Provide the parents/carers with contact details in case of an emergency. This must include the contact details for the designated SO
- Work with the children and young people to establish rules for the trip, including consequences for breaking the rules
- Children and young people should also know who they can talk to if they have any worries or concerns while away from home. All children and young people and their parents/carers should know who the designated SO will be for the trip and given the SO's contact details
- For trips abroad, children and/or young people should be informed of the local customs. Information can be found at on the UK Government website at <https://www.gov.uk/foreign-travel-advice>
- Ask the children and/or young people and their parents/carer to make you aware of any dietary requirements. This can include dietary requirements due to allergies or religious beliefs e.g. a child or young person may be observing Ramadan

## Travel Arrangements

- Members of staff and/or Associated Persons must ensure there is adequate and relevant insurance cover (including travel and medical insurance)
- Where possible, the whole squad should travel in identifiable clothing e.g. team tracksuit
- If travelling abroad, check if you need visas and/or vaccinations
- Potential areas of risk should be identified through a risk assessment. Further information on risk assessments can be found in the Practice Note – [Prevention Planning](#). Scottish Para-Football relevant Game Leader or club will undertake a security risk assessment for all trips involving foreign travel
- Members of staff and/or Associated Persons should also familiarise themselves with the nearest hospital and if travelling abroad, the details of the emergency services in the location they visit e.g. what is the telephone number for the emergency services in that country?
- If the trip involves overseas travel, organisers shall ensure they are aware of local procedures for dealing with concerns about the wellbeing of children and young people
- Members of staff and/or Associated Persons must ensure arrangements are in place for the supervision and risk assessment of activities during free time
- Members of staff and/or Associated Persons should have clear roles and responsibilities for the duration of the trip

## Accommodation

Members of staff and/or Associated Persons should find out as much as possible about the accommodation and the surroundings at the planning stage to help identify all practical issues and allow time to address them in advance, in consultation with children/young people and their parents/carers, where appropriate.

**The following is a (non-exhaustive) list of some of the practical things which should be considered in advance of any trip on the arrangements for accommodation:**

- Location: central and remote locations both present different challenges
- Accommodation facility: health & safety of building confirmed by owners/providers
- Appropriate safeguards are in place for accommodation where the same areas can be accessed by others e.g. if staying in a hotel can other guests and hotel staff access this area?
- Special access or adaptive aids required by members of staff or Associated Persons or children or young people
- Environmental factors
- Personal safety issues
- For overnight stays, agree who is sharing with whom before you go. This will enable suitable sharing in terms of age and gender. Parents/carers and the children and young people should be consulted in advance about arrangements for sharing, where possible and appropriate, and there should be a certain amount of flexibility as friendships can change

### Residential at a Facility/Centre

Members of staff and/or Associated Persons should ensure the facility is appropriately licensed and has adequate and relevant insurance cover in place. The facility should have policies on Child

Wellbeing / Protection and Health & Safety. Adequate security arrangements should be in place and facility staff should have been appropriately vetted. Facility staff involved in the training or instruction of children and/or young people must be appropriately qualified and trained. Members of staff and/or Associated Persons should ensure there is adequate supervision of the group for the duration of the stay, particularly when the facility is being shared with other groups.

#### During the trip

##### **On arrival:**

- Check all rooms e.g. are there the correct number of beds, is there any damage which needs to be reported etc.
- Ensure there is no access to alcohol in the rooms and that all rooms are non-smoking
- Ensure movie access is appropriate or not available in the rooms
- Ensure that everyone is aware of the fire exits and the emergency procedures
- Ensure there is somewhere to store money or valuables
- Ideally all the bedrooms should be together, however, if they are not ensure that members of staff and/or Associated Person spread out e.g. if the group is over three floors, there should be at least one adult room on each floor
- Adults must never share a room alone with a child or young person ☒ Have a meeting on arrival to review the programme and rules

#### *Best practice during the trip*

- Hold daily group meetings and a staff meeting. They don't need to be long but they do provide the opportunity to discuss any issues or problems and solve them before they grow
- During 'free time', children and young people must not be allowed to wander alone in unfamiliar places
- A check should be carried out when leaving each place and arriving at the next venue/location to make sure everyone is present
- Members of staff and/or Associated Persons should not enter the bedrooms of the children and young people unless in an emergency situation or in the interest of health and safety. If it is necessary to enter the rooms there should be at least two adults present and they should knock the door and say they are coming in before entering. Once in the room the door should remain open, if appropriate
- Member of staff and/or Associated Persons must not be over familiar with the children and young people during the trip and remember that they are in a position of trust at all times
- The use of alcohol and/or drugs or engaging in sexual relationships (between two young people) should not be condoned during the trip, even if the legislation relating to any of these behaviours is more lenient than in Scotland
- Members of staff and/or Associated Persons should maintain an overview of the wellbeing of all children and/or young people during the trip. This can help to identify issues at an early stage and resolve them as quickly as possible. Children and/or young people can participate in this process by, for example, taking turns to complete a daily diary about the trip. This can be an overt or discreet way for them to communicate things (both positive and negative) that they want members of staff and/or Associated Persons to know

*After the trip*

Where possible, a debrief will take place with all those involved in the trip. Ask the children and/or young people and the staff and/or Associated Persons what they enjoyed and they would change.

This will provide an opportunity to reflect on what went well, not so well and what could have been done differently. Feedback will be used to inform future trips.

## **RECRUITMENT OF VOLUNTEERS AND STAFF**

All new volunteers and staff carrying out regulated work with children and protected adults;

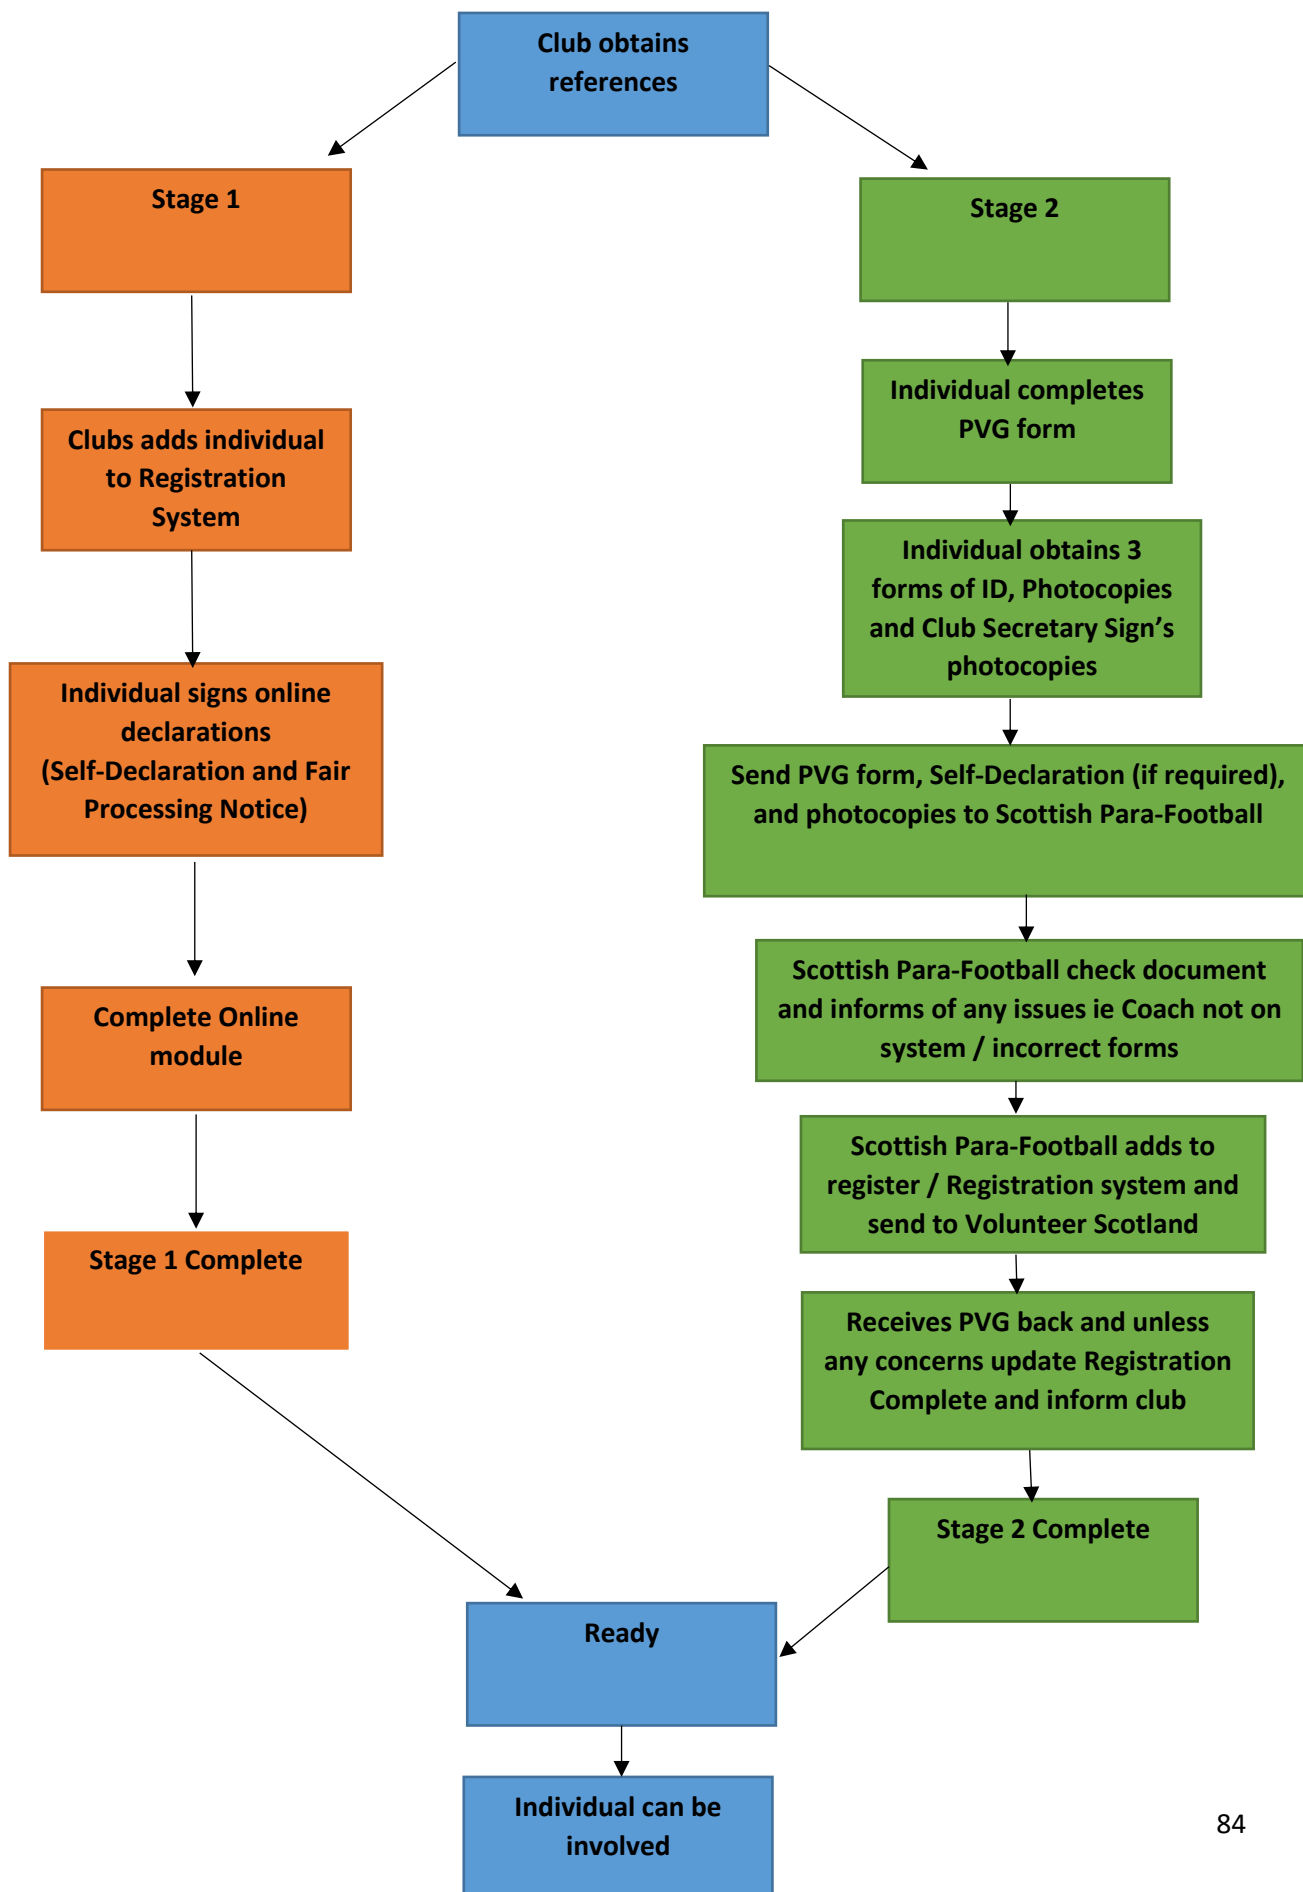

### Selection and Appointment

- Provide 2 referee that will be checked and accepted by the club
- Complete self-declaration form
- Sign fair processing notice form
- Sign up to the code of conduct for safeguarding annually
- Complete wellbeing protection training
- Complete a satisfactory PVG scheme record every 3 years

All existing volunteers and staff carrying out regulated work with children and protected adults

- Complete self-declaration form annually
- Complete a satisfactory PVG scheme record every 3 years
- Sign fair processing notice form
- Sign up to the code of conduct for safeguarding annually
- Complete wellbeing protection training

Scottish Para-Football PVG Process
